The End:

The End of Days: Fundamentalism and the Struggle for the Temple Mount Gershom Gorenberg, 2002-03-15 In this provocative work seasoned journalist Gershom Gorenberg portrays a deadly mix of religious extremism violence and Mideast politics as expressed in the struggle for the sacred center of Jerusalem Known to Jews and Christians as the Temple Mount and to Muslims as the Noble Sanctuary this thirty five acre enclosure at the southeast corner of Jerusalem s Old City is the most contested piece of real estate on earth Here nationalism combines with fundamentalist faith in a volatile brew Members of the world s three major monotheistic faiths Judaism Christianity and Islam hold this spot to be the key to salvation as they await the end of the world and struggle to fulfill conflicting religious prophecies with dangerous political consequences Adroitly portraying American radio evangelists of the End radical Palestinian sheikhs and Israeli ex terrorists Gorenberg explains why believers hope for the End and why prominent American fundamentalists provide hard line support for Israel while looking forward to the apocalypse He makes sense of the messianic fervor that has driven some Israeli settlers to oppose peace And he describes the Islamic apocalyptic visions that cast Israel s actions in Jerusalem as diabolic plots The End of Days shows how conflict over Jerusalem and the fiery belief in apocalypse continue to have a potent impact on world politics and why a lasting peace in the Middle East continues to prove elusive **Get to the End** Michael

Hickey, 2016-03-07 Get to the End is written about the end times i e the end of the world and history as we know it But it is written from a Catholic perspective There are many books on the market that speak to the end times however they are all written from a Protestant perspective and for the most part they are written by Christians from conservative churches who are generally Fundamentalist Christians There are virtually no books written about the end times from a Catholic perspective The few that have been written with a Catholic perspective of the end times have been written for the most part by Catholic priests and they are generally weighed down heavily in doctrine and dogma This will be one of the first on the subject written by a Catholic layman who has a broader perspective than Catholic Doctrine and Dogma and who views himself as uniquely in the world but not of the world **Jonathan Edwards' Concerning The End for Which God Created the World** Walter J. Schultz, 2020-01-20 This book is an exposition of Jonathan Edwards argumentation in his dissertation Concerning the End for Which God Created the World In addition to stating Edwards theses regarding God s end and motivation in creation this book identifies and discusses the assumptions of his argumentation analyses and explains its crucial components and explores its philosophical implications These implications include a version of exemplarism i e the nature of God s ideas for creation dispositionalism i e the characteristics of God which explain God s motivation and emanationism i e what God shares of himself with persons who have a living faith in Christ These entail a view of idealism i e a view of the ultimate ontological ground of the universe God s temporal nature continuous creationism i e how God sustains creation a version of panentheism i e how God who is infinite is related to creation from which God is absolutely distinct and occasionalism i e the nature of

causation of physical events or states of creation These concepts and what they entail constitute a complete metaphysical system providing a thoroughgoing divine action understanding of the foundation of reality For Jonathan Edwards God s acting according to his plans for his purposes in Christ is fundamental to all things Were we to have an understanding of how the fundamental concepts of science mathematics and ordinary experience are related in reality to the God who acts for his original ultimate end in creation sustaining the universe while providentially guiding its affairs and working redemption we would have the opportunity to develop these as he had hoped he pointed the way for others to follow

The End of Russian Philosophy A. Deblasio, Alyssa DeBlasio, 2014-11-27 The End of Russian Philosophy describes and evaluates the troubled state of Russian philosophical thought in the post Soviet decades The book suggests that in order to revive philosophy as a universal professional discipline in Russia it may be necessary for Russian philosophy to first do away with the messianic traditions of the 19th century

The Ends of Mourning Alessia Ricciardi, 2003 The Ends of Mourning explores from an interdisciplinary perspective the contemporary crisis of mourning In an age skeptical of history and memory we relate to the past only as a spectacle a product to be consumed in the cultural marketplace The book charts the emergence and development of the problem of mourning in the writings of Freud Proust and Freud s successor Lacan Freud s idea of sorrow work and Proust s concept of involuntary memory defined the terms of the classic modernist account of mourning in the fields of psychoanalysis and literature Yet their insistence on the egotistical aspects of loss to the exclusion of all ethical and political considerations threatens the dissolution of the question of mourning

The Death of Death in the Death of Christ John Owen, 2017-10-12 Owen was a renowned theologian in his day and this work is a piece of theological brilliance in the reformed and protestant tradition The death of Christ had a wide range of implications on the fate of humanity and the cause of redemption that Christ came to give to us all This work goes over all the arguments that have been set up against the reality of Christ s death and Owen brilliantly rebukes these arguments and settles it all
