Studies In Comparative Genocide:

Studies in Comparative Genocide Levon Chorbajian, George Shirinian, 2016-07-27 Many of the world's leading authorities in history sociology political science and psychology shed new light on the major genocides of the twentieth century Featured authors include Irving Louis Horowitz Helen Fein Vahakn Dadrian Roger W Smith Henry Huttenbach Ervin Staub and Turkish historian Taner Ak The volume covers the genocides of the Armenians Ukrainians Jews Gypsies Rwandans and Bosnians and also topics of genocide denial and prevention **Comparative genocide studies**, 2005 **Is the Holocaust Unique? (Large Print 16pt)** Alan S. Rosenbaum, 2010-06 In essays written specifically for this volume distinguished contributors assess highly charged and fundamental questions about the Holocaust Is it unique How can it be compared with other instances of genocide What constitutes genocide and how should the international community respond On one side of the dispute are those who fear that if the Holocaust is seen as the worst case of genocide ever its character will diminish the sufferings of other persecuted groups On the other side are those who argue that unless the Holocaust's uniqueness is established the inevitable tendency will be to diminish its abiding significance The editor's introductions provide the contextual considerations for understanding this multidimensional dispute and suggest that there are universal lessons to be learned from studying the Holocaust The third edition brings this volume up to date and includes new readings on the Cambodian and Rwandan genocides common themes in genocide ideologies and Iran's reaction to the Holocaust In a world where genocide persists and the global community continues to struggle with the implications of international crime prosecution justice atonement reparation and healing the issues addressed in this book are as relevant as ever **Sites of Genocide** Adam Jones, 2022-05-17 Genocide may be the most powerful word in the English language What is the significance and relevance of this formative concept today In an extraordinarily wide ranging collection of essays and interviews Adam Jones one of the world's leading genocide scholars explores the uses and controversies surrounding the term that Raphael Lemkin coined during the Second World War to describe and prohibit mass atrocities against defined human groups In a style that is learned but always accessible and engaging Jones addresses key historical and contemporary issues such as What were the motivations and proclaimed justifications for genocide in the long nineteenth century that shaped our modern world How can humanitarian interventions in genocide avoid sliding into new imperialism What are the connections between religion and genocide How can the gender variable in genocide perpetration and victimization be understood A wide range of historical and contemporary genocides and crimes against humanity from the eighteenth century slave rebellion in Haiti to Myanmar's destruction of the Rohingya and to the forms of structural and systemic violence that Jones argues should be encompassed by any global historical understanding of genocide Sites of Genocide is illustrated with photos from Jones's own collection and other sources It will be of interest to all students and scholars of human rights and for general readers seeking a point of entry to the rich and provocative debates in comparative genocide studies *The Oxford Handbook of Holocaust*

Studies Peter Hayes, John K. Roth, 2012-11-22 Few scholarly fields have developed in recent decades as rapidly and vigorously as Holocaust Studies At the start of the twenty first century the persecution and murder perpetrated by the Nazi regime have become the subjects of an enormous literature in multiple academic disciplines and a touchstone of public and intellectual discourse in such diverse fields as politics ethics and religion Forward looking and multi disciplinary this handbook draws on the work of an international team of forty seven outstanding scholars The handbook is thematically divided into five broad sections Part One Enablers concentrates on the broad and necessary contextual conditions for the Holocaust Part Two Protagonists concentrates on the principal persons and groups involved in the Holocaust and attempts to disaggregate the conventional interpretive categories of perpetrator victim and bystander It examines the agency of the Nazi leaders and killers and of those involved in resisting and surviving the assault Part Three Settings concentrates on the particular places sites and physical circumstances where the actions of the Holocaust s protagonists and the forms of persecution were literally grounded Part Four Representations engages complex questions about how the Holocaust can and should be grasped and what meaning or lack of meaning might be attributed to events through historical analysis interpretation of texts artistic creation and criticism and philosophical and religious reflection Part Five Aftereffects explores the Holocaust s impact on politics and ethics education and religion national identities and international relations the prospects for genocide prevention and the defense of human rights

Is the Holocaust Unique? Alan S. Rosenbaum, 2019-03-06 Evaluating the Jewish Holocaust is by no means a simple matter and one of the most controversial questions for academics is whether there have been any historical parallels for it Have Armenians Gypsies American Indians or others undergone a comparable genocide In this fiercely controversial volume distinguished scholars offer new discussions of this question Presenting a wide range of strongly held views they provide no easy consensus Some critics contend that if the Holocaust is seen as fundamentally different in kind from other genocides or mass deaths the suffering of other persecuted groups will be diminished Others argue that denying the uniqueness of the Holocaust will trivialize it Alan S Rosenbaum s introductions provide a much needed context for readers to come to terms with this multi dimensional dispute to help them understand why it has recently intensified and to enable them to appreciate what universal lessons might be gleaned from studying the Holocaust This volume makes an important contribution to our comprehension of one of the defining events of modern history It should be essential reading for scholars students and general readers interested in the Holocaust and its relationship to other instances of politically inspired mass murder

Dictionary of Genocide Paul R. Bartrop, Samuel Totten, 2007-11-30 Over 600 terms identify and explain the history and suffering of ethnic and religious groups experiencing genocide throughout the world The people places governments agencies documents legal terms and all other aspects of genocide are defined for new students and scholars alike

African American History Reconsidered Pero Gaglo Dagbovie, 2010 This volume establishes new perspectives on African American history The author discusses a wide range of issues and themes for understanding and

analyzing African American history the 20th century African American historical enterprise and the teaching of African American history for the 21st century **The Ashgate Research Companion to Political Violence** Marie Breen-Smyth, 2016-03-23 Aimed at scholars students and lay persons interested in peace and conflict studies The Ashgate Research Companion to Political Violence is a comprehensive resource to understand the principal debates on political violence a field which is becoming an increasingly important part of courses on peace and conflict Organized into seven main sections this volume deals with a wide range of issues covering the following important research areas Issues of definition and nomenclature and how contests over these relate to political violence Theoretical frameworks and methods for understanding and researching political violence Motivations and goals of those who use political violence The various forms of political violence Perspectives on countering political violence by state and non state actors Why and how political violence ends The aftermath of political violence Contributions by leading scholars in the field provide an authoritative guide and source book on political violence for the scholar the researcher and the informed general reader **A Modern History of Forgotten Genocides and Mass Atrocities** Jeffrey S. Bachman, Esther Brito Ruiz, 2024-11-01 This is the first textbook of its kind to amass cases of genocide and other mass atrocities across the nineteenth twentieth and twenty first centuries that have largely been pushed to the periphery of Genocide Studies or forgotten altogether Divided into four thematic sections Genocide and Imperialism War and Genocide State Repression Military Dictatorships and Genocide and Human Caused Famine Attrition and Genocide A Modern History of Forgotten Genocides and Mass Atrocities covers five continents including case studies from Biafra Yemen Argentina Russia China and Bengal They range from the French conquest of Algeria in the mid nineteenth century to the Yazidi genocide perpetrated by the Islamic State in Iraq and Syria between 2014 and 2017 and show that at times of rising authoritarianism military conquest and weaponization of hunger lines between what is war and what is genocide are increasingly blurred By including genocides and mass atrocities that are often overlooked this volume is crucial to the ongoing debates about whether this atrocity or that one amounts to genocide By including key points events terms and critical questions throughout this is the ideal textbook for undergraduate students who study genocide mass atrocities and human rights across the globe *Pioneers of Genocide Studies* Samuel Totten, Steven Leonard Jacobs, 2013-01-01 From the early efforts that emerged in the struggle against Nazism and over the past half century the field of genocide studies has grown in reach to include five genocide centers across the globe and well over one hundred Holocaust centers This work enables a new generation of scholars researchers and policymakers to assess the major foci of the field develop ways and means to intervene and prevent future genocides and review the successes and failures of the past The contributors to *Pioneers of Genocide Studies* approach the questions of greatest relevance in a personal way crafting a statement that reveals one s individual voice persuasions literary style scholarly perspectives and relevant details of one s life The book epitomizes scholarly autobiographical writing at its best The book also includes the most important works by each

author on the issue of genocide Among the contributors are experts in the Armenian Bosnian and Cambodian genocides as well as the Holocaust against the Jewish people The contributors are Rouben Adalian M Cherif Bassiouni Israel W Charney Vahakn Dadrian Helen Fein Barbara Harff David Hawk Herbert Hirsch Irving Louis Horowitz Richard Hovannisian Henry Huttenbach Leo Kuper Raphael Lemkin James E Mace Eric Markusen Robert Melson R J Rummel Roger W Smith Gregory H Stanton Ervin Staub Colin Tatz Yves Ternan and the co editors The work represents a high watermark in the reflections and self reflections on the comparative study of genocide *Genocide Perspectives: Essays on Holocaust and genocide* ,

New Directions in Genocide Research Adam Jones,2012-03-12 Genocide studies is a relatively new field of comparative inquiry but recent years have seen an increasing range of themes and subject matter being addressed that reflect a variety of features of the field and transformations within it This edited book brings together established scholars with rising stars and seeks to capture the range of new approaches theories and case studies in the field The book is divided into three broad sections Section I focuses on broad theories of comparative genocide covering a number of different perspectives Section II critically reconsiders core themes of genocide studies and unfolds a range of challenging new directions including cultural genocide gender and genocide as it pertains to both women and men structural violence and the novel application of remote sensing technologies to the detection and study of genocide Section III is case study focused seeking to place both canonical and little known cases of genocide in broader comparative perspective Cases analyzed include genocide in North America the Nazi Holocaust the Armenian genocide and the Sri Lankan genocide The combination of cutting edge scholarship and innovative approaches to familiar subjects makes this essential reading for all students and scholars in the field of genocide studies *Governments, Citizens, and Genocide* Alex Alvarez,2001-02-22 *Governments Citizens and Genocide* A Comparative and Interdisciplinary Approach Alex Alvarez A comprehensive analysis demonstrating how whole societies come to support the practice of genocide Alex Alvarez has produced an exceptionally comprehensive and useful analysis of modern genocide It is perhaps the most important interdisciplinary account to appear since Zygmunt Bauman s classic work *Modernity and the Holocaust* Stephen Feinstein Director Center for Holocaust and Genocide Studies Alex Alvarez has written a first rate propaedeutic on the running sore of genocide The singular merit of the work is its capacity to integrate a diverse literature in a fair minded way and to take account of genocides in the post Holocaust environment ranging from Cambodia to Serbia The work reveals patterns of authoritarian continuities of repression and rule across cultures that merit serious and widespread public concern Irving Louis Horowitz Rutgers University More people have been killed in 20th century genocides than in all wars and revolutions in the same period Recent events in countries such as Rwanda and the former Yugoslavia have drawn attention to the fact that genocide is a pressing contemporary problem one that has involved the United States in varying negotiating and peace keeping roles Genocide is increasingly recognized as a threat to national and international security as well as a source of tremendous human suffering and social devastation *Governments Citizens and Genocide* views

the crime of genocide through the lens of social science It discusses the problem of defining genocide and then examines it from the levels of the state the organization and the individual Alex Alvarez offers both a skillful synthesis of the existing literature on genocide and important new insights developed from the study of criminal behavior He shows that governmental policies and institutions in genocidal states are designed to suppress the moral inhibitions of ordinary individuals By linking different levels of analysis and comparing a variety of cases the study provides a much more complex understanding of genocide than have prior studies Based on lessons drawn from his analysis Alvarez offers an important discussion of the ways in which genocide might be anticipated and prevented Alex Alvarez is Associate Professor in the Department of Criminal Justice at Northern Arizona University His primary research interests are minorities crime and criminal justice as well as collective and interpersonal violence He is author of articles in Journal of Criminal Justice Social Science History and Sociological Imagination and is currently writing a book on patterns of American murder April 2001 240 pages 6 1 8 x 9 1 4 bibl index cloth 0 253 33849 2 29 95 s 22 95 Contents The Age of Genocide A Crime By Any Other Name Deadly Regimes Lethal Cogs Accommodating Genocide Confronting Genocide **Histories of the Holocaust** Dan Stone,2010-06-17 A comprehensive and accessible guide to the major themes and debates in Holocaust historiography over the last two decades Anthropological Witness Alexander Laban Hinton,2022-10-15 Anthropological Witness tells the story of Alexander Laban Hinton s encounter with an accused architect of genocide and more broadly Hinton s attempt to navigate the promises and perils of expert testimony In March 2016 Hinton served as an expert witness at the Extraordinary Chambers in the Courts of Cambodia an international tribunal established to try senior Khmer Rouge leaders for crimes committed during the 1975 79 Cambodian genocide His testimony culminated in a direct exchange with Pol Pot s notorious right hand man Nuon Chea who was engaged in genocide denial Anthropological Witness looks at big questions about the ethical imperatives and epistemological assumptions involved in explanation and the role of the public scholar in addressing issues relating to truth justice social repair and genocide Hinton asks Can scholars who serve as expert witnesses effectively contribute to international atrocity crimes tribunals where the focus is on legal guilt as opposed to academic explanation What does the answer to this question say more generally about academia and the public sphere At a time when the world faces a multitude of challenges the answers Hinton provides to such questions about public scholarship are urgent **The Historiography of Genocide** Anton Weiss-Wendt,Robert Krieken,Alfred A. Cave,Ben Kiernan,Doris Bergen,David Moshman,Victoria Sanford,John Docker,Robert Hitchcock,2008-02-13 The Historiography of Genocide is an indispensable guide to the development of the emerging discipline of genocide studies and the only available assessment of the historical literature pertaining to genocides *The Scourge of Genocide* Adam Jones,2013-06-26 The Scourge of Genocide collects essays reviews and reportage on the subjects of genocide and crimes against humanity by Adam Jones recently selected as one of Fifty Key Thinkers on the Holocaust and Genocide The volume includes a number of previously unpublished essays
