## **Guide Virtual Collaboration:**

Virtual Team Success Richard Lepsinger, Darleen DeRosa, 2010-09-09 In today's complex organizations it is not uncommon to have as many as 50 percent of employees working on virtual teams. As the virtual revolution continues to spread, how can companies ensure that virtual team collaboration is producing the desired results? Highly practical and easy to navigate, *Virtual Team Success* leverages the authors' robust global research study and hands-on experience to provide an immediately usable resource for virtual team members and team leaders. This groundbreaking book is a hands-on practical toolkit filled with down-to-earth examples and insights that can enhance the virtual team experience for everyone involved. The authors' research study is one of the most comprehensive applied studies ever conducted on virtual teams, and all of the recommendations outlined are based on these findings, as well as the authors' years of experience helping virtual teams and virtual team leaders effectively lead and collaborate from a distance. To help organizations and leaders enhance virtual team performance, the book includes *Why Virtual Teams Fail*, which outlines the four pitfalls that frequently derail virtual teams; *Profile of High Performing Teams*, which addresses the characteristics of the most effective virtual teams and what makes them successful; *Virtual Team Launch Kit*, which provides practical guidelines and tools for successfully launching virtual teams; *How to RAMP Up Your Team's Effectiveness*, which introduces a practical research-based model of virtual team effectiveness to improve team performance; *Profile of Top Performing Virtual Team Leaders*, which identifies the practices of the most successful virtual team leaders; *Facilitating High Impact Virtual Meetings*, which includes tips and techniques to effectively lead virtual meetings. *Virtual Team Success* also includes practical resources for virtual team leaders, quick reference guides for diagnosing virtual team problems, and six lessons for virtual team success.

*Virtual Team Collaboration* Jasmin Mahadevan, 2024-08-26 Spurred by the COVID-19 pandemic, new forms of working together have been developed, such as global or local virtual team collaboration or extensive work from home. Today's work is increasingly team-based, digitalized, and flexible, with wide-ranging implications for the skill set required by employees, management, and organizations for how humans are going to integrate work and life and for how future society, business, and ecology will develop. In this textbook, with an excellent didactic structure, students and practitioners find a wide range of knowledge in ten essential areas of virtual team collaboration. It covers key requirements, responsibilities, and practices for setting up and maintaining high-performance virtual teams on both local and global levels. This textbook has been recommended and developed for university courses in Germany, Austria, and Switzerland.

*Manager's Guide to Virtual Teams* Yael Zofi, 2011-08

With an increasing number of employees working remotely it is more difficult than ever to ensure that team members are working smoothly and productively together. A Manager's Guide to Virtual Teams is a practical roadmap for bridging the logistical, cultural, and communication gaps that can prevent any virtual team from reaching its full potential. The book explores the four most critical elements to team success: Trust and Accountability, Ten tips for creating trust within and across virtual teams; Communication: The particular challenges of the virtual world, especially in cross-cultural collaborations; Conflict Management: Examples, case scenarios, and resolution strategies; Deliverables: How virtual teams can get their work out the door faster and better.

A Manager's Guide to Virtual Teams features the author's proprietary Trust Wheel model, which includes powerful tools to help teams develop and ensure trust without face-to-face interaction. Filled with self-study exercises, activities, and advice based on the author's 20 years of consulting experience, this book can help any organization realize the promise of professionals working closely together, even if they've never met.
