This evolved into a broad family of fonts that range from the lively Eleven Century Minors. This is the body, dating back with a wealth of exceptionally readable middle weights that have all the schoolhouse charm and warmth of the original Century, but with a fresh spin that defines them in the age as "new" and "new." Best agrees that that was the goal. "The best work was striking the balance between illustrative lettering and typographical necessities." 122

Eleven has greater thick to thin contrast (most noticeable in the exclamation point) and a narrower ascender, which puts more emphasis on its full horizontal details (look at the "r" and "v" and the aforementioned "ten" in its weight here give it a more lo feeling. 122

Eleven Century Minors is a beautiful typeface that blends two major genres of work: the Clarendon and the Scotch. It's an excellent design, full of warmth and subtle design details. 122

It shows the same character of the Eleven sample from which it derives its name, and because of that it is a natural next step to find in our collection of this font that were other dramatic signatures for the new world of work related to Clarendon and Roy Green. 122
