Gray, Erik W. Larson, 2008 As the market leading textbook on the subject Project Management The Managerial

Process 4e is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied. It focuses on how project management is integral to the organization as a whole. The 4th edition reflects the latest changes found in the practice. Other texts discuss the topics covered in this text but they do not view oversight as the project manager's operating environment as does Gray Larson.

Customer-driven Project Management Bruce Barkley, James H. Saylor, 1994 Synthesizing and broadening the popular management techniques of Total Quality Management (TQM) and Project Management (PM) for the first time, this exciting book offers project managers, team members, and business leaders a dynamic new tool for continually assessing the customer's quality improvement needs and delivering superior products and services. Called Customer Driven Project Management (CDPM), it demonstrates the benefits of up-front quality improvement analysis, customer-driven teams, and new empowerment actions that make all employees key players in the organization. The core of this comprehensive book is a new step-by-step CDPM process all organizations can follow when performing projects, whether large or small. You'll get a useful review of the basic principles and new applications of TQM and project management, the changing roles of managers in organizations, the importance of front-end analysis, the reorganization of the project structure for greater efficiency, self-assessment techniques, and individual growth opportunities to reenergize the organization, the unique ongoing role of the customer, and much more. For all those involved in projects, this book puts quality improvement and project management on line for the first time, shows how to react quickly and effectively to changing customer needs, lays out the steps for delivering outstanding products and services, and gives all companies a strong competitive edge in today's tough global economy.
