Sharing Outcomes	<ul style="list-style-type: none"> o Add text here 	<ul style="list-style-type: none"> o <input checked="" type="checkbox"/>

Checklist Circular Economy

Padhraic Smyth

Checklist Circular Economy:

The Guide to the Circular Economy Dustin Benton, Jonny Hazell, Julie Hill, 2015-01-05 The term Circular Economy is becoming familiar to an increasing number of businesses It expresses an aspiration to get more value from resources and waste less especially as resources come under a variety of pressures price driven political and environmental Delivering the circular economy can bring direct costs savings to businesses reduce risk and offer reputational advantages and can therefore be a market differentiator but working out what counts as circular activity for an individual business as against the entire economy or individual products is not straightforward This guide to the circular economy gives examples of what this new business model looks like in practice and showcases businesses opportunities around circular activity It also explores the debate around circular economy metrics and indicators and helps you assess your current level of circularity set priorities and measure success equips readers to make the links between their own company s initiatives and those of others making those activities count by influencing actors across the supply chain Outlines the conditions that have enabled other companies to change the system in which they operate Finally this expert short work sets the Circular Economy in a political and business context so you understand where it has come from and where it is going
