Solzhenitsyn And Dostoevsky:

Solzhenitsyn and Dostoevsky Vladislav Krasnov,1980 *Dostoevsky and Solzhenitsyn, Two Inmates of the House of the Dead* Joseph Patrick Moeller,1985 Solzhenitsyn and Dostoevsky Wladislaw Georgievich Krasnow,1980

Dostoevsky's and Solzhenitsyn's Criminal Literature Alex S. Yastremski,1996 An analysis of the various ways in which Fyodor Dostoevsky's *Crime and Punishment* and Aleksandr Solzhenitsyn's *The First Circle* depict human existence Yastremski suggests that the two Russian authors share similar views on the human struggle and the Russian character

Solzhenitsyn's Traditional Imagination James M. Curtis,2008 Most critics overlook the literary significance of Alexander Solzhenitsyn's work focusing instead on biographical political and moral interpretations This examination of Solzhenitsyn's major novels *One Day in the Life of Ivan Denisovich* *The First Circle* *Cancer Ward* and *August 1914* emphasizes that his writings must be understood within the tradition of Russian literature and the context of Western culture James M Curtis provides a detailed analysis of Tolstoy's crucial influence on Solzhenitsyn and he discusses at length Solzhenitsyn's relationship to Dostoyevsky Leskov Chekhov and Zamyatin Curtis also demonstrates that a study of Ernest Hemingway whose books have been enormously popular in Russia and Virginia Woolf can contribute to our understanding of the Russian novelist Solzhenitsyn's *Traditional Imagination* includes a chapter on Dos Passos and Eisenstein whose work constituted Solzhenitsyn's first major artistic interest outside Russian literature The chapter presents the first comprehensive examination of the importance of film for Solzhenitsyn and shows how he learned the use of film technique in literature from Dos Passos and how he adapted it from Eisenstein's films This was the first full length study to use Solzhenitsyn's revised editions of *One Day* *The First Circle* and *Cancer Ward* all published in 1978 Professor Curtis's careful use of the best available texts together with his wide knowledge of contemporary literary criticism and his insistence upon Solzhenitsyn's purely literary importance make this a valuable book for all students of Solzhenitsyn's fiction

Solzhenitsyn Kathryn Feuer,Kathryn Beliveau Feuer,1976 *We Have Ceased to See the Purpose* Aleksandr Solzhenitsyn,2025-04-01 This collection brings together ten of Nobel Prize winner Aleksandr Solzhenitsyn's most memorable and consequential speeches delivered in the West and in Russia between 1972 and 1997 Following his exile from the USSR in 1974 Aleksandr Solzhenitsyn lived and traveled in the West for twenty years before the fall of Communism allowed him to return home to Russia The majority of the speeches collected in this volume straddle this period of exile contemplating the materialism prevalent worldwide forcibly imposed in the socialist East freely chosen in the capitalist West and searching for humanity's possible paths forward In beautiful yet haunting and prophetic prose Solzhenitsyn explores the mysterious purpose of art the two edged nature of limitless freedom the decline of faith in favor of legalistic secularism and perhaps most centrally the power of literature art and culture to elevate the human spirit These annotated speeches including his timeless Nobel Lecture and Harvard Address have been rendered in English by skilled translators including Solzhenitsyn's sons The volume

includes an introduction to the speeches brief background information about each speech and a timeline of the key dates in Solzhenitsyn's life

Messianic Political Theology and Diaspora Ethics P. Travis Kroeker, 2017-11-09 Political theology as a normative discourse has been controversial not only for secular political philosophers who are especially suspicious of messianic claims but also for Jewish and Christian thinkers who differ widely on its meaning These essays mount an argument for a Messianic Political Theology rooted in an interpretation of biblical especially Pauline Augustinian and Radical Reformation readings of messianism as a thoroughly political and theological vision that gives rise to what the author calls Diaspora Ethics In conversation also with Platonic Jewish and Continental thinkers Kroeker argues for an exilic practice of political ethics in which the secular is built up theologically from below in the form of public service that flows from messianic political worship Such a weak messianic power practiced by the messianic body inhabits an apocalyptic political economy in which the mystery of love and the mystery of evil are agonistically unveiled together in the power of the cross not as an instrument of domination but in the form of the servant This is not simply a matter of pacifism but of a messianic posture rooted in the renunciation of possessive desire that pertains to all aspects of everyday human life in the household oikos the academy and the polis

Dostoevsky Richard Freeborn, 2003 Fyodor Dostoevsky is known as the author of some of the most important Russian novels of the 19th Century His greatness is his command of a multitude of human factors from the most saintly to the most pathological delineating the deepest emotional states from the perversely criminal and the profoundest sense of evil to a sublime belief in a Christian God Throughout as this biography shows he never became detached from the realities of the Russian world Book jacket

Tamizdat Yasha Yakov Klots, 2023-05-15 Tamizdat offers a new perspective on the history of the Cold War by exploring the story of the contraband manuscripts sent from the USSR to the West A word that means publishing over there tamizdat manuscripts were rejected censored or never submitted for publication in the Soviet Union and were smuggled through various channels and printed outside the country with or without their authors knowledge Yasha Klots demonstrates how tamizdat contributed to the formation of the twentieth century Russian literary canon the majority of contemporary Russian classics first appeared abroad long before they saw publication in Russia Examining narratives of Stalinism and the Gulag Klots focuses on contraband manuscripts in the 1960s and 70s from Khrushchev's Thaw to Stagnation under Brezhnev Klots revisits the traditional notion of late Soviet culture as a binary opposition between the underground and official state publishing He shows that even as tamizdat represented an alternative field of cultural production in opposition to the Soviet regime and the dogma of Socialist Realism it was not devoid of its own hierarchy ideological agenda and even censorship Tamizdat is a cultural history of Russian literature outside the Iron Curtain The Russian literary diaspora was the indispensable ecosystem for these works Yet in the post Stalin years they also served as a powerful weapon on the cultural fronts of the Cold War laying bare the geographical stylistic and ideological rifts between two disparate yet inextricably intertwined fields of Russian literature one at home the other abroad Open Access
