Some Ghost Stories:

The Big Book of Canadian Ghost Stories John Robert Colombo,2008-09-15 This huge collection of stories filled with thrills and chills brings together the most notable stories from the archives of John Robert Colombo Canada's Mr Mystery and will cause you to wonder about the nature of human life and the afterlife *True Paranormal Hauntings* Max Mason Hunter,2016-04-29 14 Spine Chilling Tales Of True Ghost Stories And Hauntings True Paranormal Hauntings To Keep You Up At Night Some ghost stories send tingles of excitement down your spine while others make you gulp as you dig deeper into the shocking tale Other ghost stories will make you shiver with fear and hug your blanket tightly as you stare out your window and wonder what exists in the vast expanse of darkness that envelops your room during the night time Very few ghost stories have the potential to grab you from the very start and pull you into the world where restless spirits malevolent beings and other paranormal entities rule a world where humans have very little control and they have to succumb to the nefarious will of these terrorizing beings and hope that God himself offers them a way of escape Whether you want to believe it or not this is the world that we live in These creatures live amongst us and some of them can't wait for the perfect opportunity to strike so they can kill you or pull you down into their dark inescapable realm Many before you were skeptical until they had their menacing experiences with the ghosts themselves Not many have lived to tell the tale but the few who have lived through their supernatural experiences with the underworld have passed on the stories from generation to generation and now here they stand before your very eyes **Some Ghost Stories** Alfred McLelland Burrage,1927

Kennedy, 2016-03-14 Incredible True Paranormal Accounts True Ghost Stories And Hauntings From The Past Scientists studying parapsychology try to establish many possible theories to justify a paranormal claim Sometimes they successfully rationalize the mystical incidences with explainable scientific data and facts But when they fail it becomes an unsolvable mystery and controversial phenomena for future generations We know that some places on earth are cursed and are not safe for human habitation But can we always scientifically explain or rationalize why some places or objects are so unlucky or why we sometimes see or feel things that no one else does In this book we will tell you of some real ghost stories stories of mysterious objects and a number of very tragic incidents that have been hard for science to logically define This book contains a number of ghastly incidents that no scientist or criminal investigator could ever rationally justify Read these disturbing stories from the past yourself and see if you can connect the theories or justify each and every phenomenon to establish them as rationalized events *True Ghost Stories* Zachery Knowles, 2018-10-24 Looking for a Scare Then Read These 19 Spine chilling Stories Are you ready for a different take on the true stories of hauntings across the world How about roads and highways that are haunted by spirits and ghosts some of which seem to have quite evil intentions Dangerous roads haunted by ghosts that seem determined to add to their number by causing car wrecks and a tunnel haunted by ancient warriors angry their graves were disturbed will be explored A clown that appears by the side of the road and disappears as your car draws near or an auto accident that was witnessed months after it happened are some of the many hauntings to be discovered in this book Animals that exhibit the symptoms of rabies the moment their feet touch the street or an aggressive ghoulie car responsible for the deaths of a group of teenagers almost 50 years ago A woman still trying to get help for her newlywed husband trapped in their vehicle after an accident unaware it s too late for either of them and a police officer who relives his death every time he pulls over another speeding car are just a few of the true stories of haunted highways and roads you will find within the pages of this disturbing book India China Wales Scotland England Australia and the United States all have roads streets interstates routes and highways that connect one end of a country to the other There are hundreds of thousands of roads and streets that no one experiences anything mysterious upon Then there is a handful of streets notorious for the abnormal disturbing paranormal things that occur on or near them on a regular basis While some of these hauntings only began recently others extend back hundreds of years when the roads were dirt trails Some of these haunted avenues are infamous like those along Tuen Mun Road in Hong Kong Archer Avenue in Chicago or Mona Lisa Drive in New Orleans Those more unknown are equally horrifying like along A541 in Pontblyddyn Wales and Route 2A in Maine Regardless you will agree this book comprises the scariest most disturbing true tales of haunted roads and highways One of the most unusual aspects of these stories when compared to most true horror stories is that just about

Ghost Stories H. J. Tidy, 2021-09. Truth Is Stranger Than Fiction And These Stories Would Tell You Why. Have you ever felt a sudden drop in temperature around you? Have you ever experienced a strange soft voice whispering in your ears? Do you believe that there's a world beyond our tangible world, things that can only be felt and not seen? If your answer is yes to any of the above questions then you're not the only one. About 46% of Americans believe that ghosts are real with a staggering number of them reporting to have experienced paranormal activities at some point in their lives. Ghost stories have had a special place in many cultures throughout history. They are the portal to connect with a world that resides beyond our imagination. We are drawn to supernatural stories and mysteries; they have the power to evoke curiosity and widen our perception. But the stories you're about to uncover aren't some spiritual mumbo jumbo; each one has a compelling truth attached to it supported by convincing evidence. In *Ghost Stories* you'll unearth a goldmine of haunting stories that will leave goosebumps from head to toe. Inside you'll discover 20 bone-chilling ghost stories that will challenge your sanity and force you to question reality. The story of the ghost who testified to a murder mystery. The ghastly story of Taunton State Hospital and what it's infamous for. What's really hiding in the veins of the famous Roosevelt Hotel. The frightening secret hiding in an innocent-looking doll. The mystery behind the never-ending construction of the Winchester Mystery House. The silent empire that exists beneath the streets of the City of Love. The dark chapter in the history of Cannock Chase. Does science approve of paranormal activities and does it matter? And so much more. While these supernatural stories might seem fabricated, there's always some truth in them and that's what makes them more terrifying. There are powers in the cosmos that can't be explained but it doesn't change the fact that there's always an explanation; it depends on how willing you are to explore things further.
