**The Carnady Feud** Dean Owen,1974 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1976 *Carnegie's Model Republic* A. S. Eisenstadt,2012-02-01 Andrew Carnegie 1835 1919 has long been known as a leading American industrialist a man of great wealth and great philanthropy What is not as well known is that he was actively involved in Anglo American politics and tried to promote a closer relationship between his native Britain and the United States To that end Carnegie published *Triumphant Democracy* in 1886 in which he proposed the American federal republic as a model for solving Britain s unsettling problems On the basis of his own experience Carnegie argued that America was a much improved Britain and that the British monarchy could best overcome its social and political turbulence by following the democratic American model He expressed a growing belief that the antagonism between the two nations should be supplanted by rapprochement A S Eisenstadt offers an in depth analysis of *Triumphant Democracy* illustrating its importance and illuminating the larger current of British American politics between the American Revolution and World War I and the fascinating exchange about the virtues and defects of the two nations **The Carnegie Boys** Quentin R. Skrabec, Jr.,2012-08-13 In the 1890s the Carnegie Veterans Association began as a group of boyhood friends and older Andrew Carnegie steel partners united to share business ideas but it evolved into a powerful secretive network in American business circles By 1925 these Carnegie lieutenants controlled more than 60 percent of the country s industrial assets Haunted by their past with Carnegie Steel they demanded a new ethical relationship with labor and adopted a philanthropic philosophy of paternal capitalism building libraries churches schools and hospitals Ultimately their experiments in industrial democracy and progressive industrialism failed but their efforts formed the root of future cooperative management and employee participation This chronicle of the evolution and legacy of this influential association offers a new more complex perspective on Carnegie and demonstrates how he and his lieutenants helped to shape America s view of capitalism **Books and**
