is described in terms of fundamental kinetic deactivation phenomena and of parameters governing heat and mass transfer. The last part is primarily concerned with a collection of catalyst particles within the reactor with emphasis on the global activity of the reactor. In the last chapter a pragmatic approach is presented to predict the design and performance of chemical reactors containing a deactivating catalyst. This book is written for catalytic chemists, researchers, reactor designers and students interested in catalyst activation, deactivation and poisoning.

Rachel Cusk Roberta Garrett, Liam Harrison, 2024-07-25

Rachel Cusk is one of the most critically acclaimed and controversial contemporary British authors. Her diverse body of work offers a striking portrait of trends in 21st century literature and the history of Cusk's literary output is one of experimentation and a desire to push against established cultural models. Rachel Cusk: Contemporary Critical Perspectives is the first critical guide to Cusk's work spanning novels including *Saving Agnes*, *A Country Life* and *Second Place* her autofictional *Outline* trilogy and her nonfiction *A Life's Work*, *The Last Supper*, *Aftermath* and the *Coventry* essays. Rigorous and wide ranging, this book provides an accessible and lucid introduction to Cusk's work exploring themes of gender relations, class dynamics, maternal identity and creative freedom. The collection concludes with an in depth interview with Cusk conducted by Merve Emre reflecting on her influences, writing and experiences. Mapping the formal and stylistic shift across her career and locating them within their specific contexts, this collection provides a crucial analysis of Cusk's influences, politics and literary techniques that speak to many of the most pressing issues in contemporary literature.

Hindu Nationalism in India Bidyut Chakrabarty, Bhuwan Jha, 2019-11-27
This book offers an in depth study of right wing politics in India by analysing the shifting ideologies of Hindu nationalism and its evolution in the late nineteenth century through to twenty first century. The authors provide a thorough overview of the chronological evolution of Hindu nationalist organizational outfits to reveal how Hindu nationalist ideology has adapted in ways that have not always corresponded with the orthodox Hindu nationalist position. An examination of the overriding preference for Hindu nationalism demonstrates how it has flourished and continues to remain relevant in contemporary India despite being marginalized at the dawn of India's independence. The book demonstrates that Hindu nationalism is a context driven ideological device which is sensitive to the ideas and priorities that gradually gain salience. It also explores Hindu nationalism as a vote catching device especially from the late twentieth century onwards. Providing a nuanced analysis of Hindu nationalism in India as a constantly evolving phenomenon, this book will be of interest to researchers on Asian political theory, nationalism, religious politics and South
