Lohfink, Gerhard

The Christian Faith:

The Christian Faith Friedrich Schleiermacher, 1999-01-11 The classic work of Christian theology which seeks to present the Christian faith in its entirety Schleiermacher was equally at home in the theological systems of Protestant orthodoxy and the new world of thought shaped by the historical and natural sciences and German philosophy He follows a confident course through the entire range of themes in dogmatics but leaves both the dogmatic task and the individual themes transformed by a powerful and original mind A new foreword by B A Gerrish summarises the dogmatic goals of The Christian Faith and corrects some common misreadings of his work

Christian Faith Hendrikus Berkhof, Frederick O. Bonkovsky, 1980 In today's secular world the Christian faith is viewed as only one aspect of what could be called religious life Acknowledging this Hendrikus Berkhof begins this thought provoking study with a sketch of religion and faith in general before narrowing it down to a discussion of the specific place of Christian faith in all of reality

Understanding the Christian Faith Georgia Elma Harkness, 1947 An excellent primer on the basic principles of Christian doctrine Harkness offers light and direction to those who are bewildered by the seeming complexities of Christian belief and practice Displaying her uncanny ability for translating the abstract and the scholarly into terms easily grasped by laypersons Harkness explains the various concepts that so often shroud Christianity in mystery

The Christian Faith William Albert Kramer, 1987

Foundations of the Christian Faith James Montgomery Boice, 1986-06-19 James Montgomery Boice provides an overview of Christian theology and doctrine in one systematic volume

Christian Faith Hendrikus Berkhof, 1991 This is a print on demand book and is therefore non returnable In today's secular world the Christian faith is viewed as only one aspect of what could be called religious life Acknowledging this Hendrikus Berkhof begins this thought provoking study with a sketch of religion and faith in general before narrowing it down to a discussion of the specific place of Christian faith Beginning with the whole of reality makes it possible to use religion as the basis from which to acquire an understanding of the relevance of the Christian faith for that total reality Thus a study of Christian faith can answer questions that deal with the place of humanity in the cosmos the meaning of life and existence the meaning of freedom and of death Berkhof defines religion as the relation to the absolute Faith is one step beyond religion as it is the establishment of God's relationship to his people Christian faith builds on Old Testament faith because the promises of the Old Testament are accepted as being fulfilled in the ministry suffering death and resurrection of Jesus Christ For Berkhof the study of Christian faith is a systematic examination of the content of the relationship which God in Christ has entered into with us Because the study of the faith is systematic there must be an order to it This order varies from theologian to theologian for Berkhof the starting point is revelation the sources and norms for our knowledge of God This leads to a discussion of God creation of the world and of human beings Israel the person and work of Christ the church and finally the renewal of the world and of humanity Throughout the book Berkhof comments on and often takes issue with systematic theologians of the past Written for both the layperson and the scholar the text is interspersed

with excurses set off in smaller type than the main text that cover specific subjects more thoroughly citing sources controversies and the like which will be of particular interest to theologians and students This newly revised edition a translation of the Dutch fifth edition takes into account developments in dogmatics in the thirteen years since Berkhof prepared the first edition of *Christian Faith* Berkhof's aim throughout is to present his understanding of the truth of God but as he writes in his preface the study of the faith is not something to learn so much as something to do and practice A book can do no more than help us to get started and stimulate us to try to do it on our own This book like the earlier edition admirably succeeds in meeting that goal

What Is the Christian Faith? John G.

Reisinger,1998-06-01 *Welcome to the Christian Faith* Christopher L. Webber,2011-10-01 A foundational volume for seekers in formation programs and a refresher study volume for individuals and congregational study groups We live in a world increasingly separated from the Christian tradition and the basic understanding of the faith that previous ages might have taken for granted The voices of faith seem increasingly strident and off putting to many There is a need for a calmer basic introduction to faith that recognizes the value of doubt and the questions raised in a secular society A systematic introduction to Christianity for newcomers needs to begin with a discussion of faith itself and then move on to a discussion of such Christian basics as God Trinity Church sin atonement prayer and Christian living *Christianity 101: An Introduction to Faith, Participant's Guide* The Foundry Publishing,2021-04 This study explores topics such as who God is where the Bible came from what purpose the Holy Spirit serves what role the church plays in our lives and more **Christianity 101: An Introduction to Faith, Leader's Guide** The Foundry Publishing,2021-04 This study explores topics such as who God is where the Bible came from what purpose the Holy Spirit serves what role the church plays in our lives and more
