Death in the Early Twenty-first Century Sébastien Penmellen Boret, Susan Orpett Long, Sergei Kan, 2017-07-18 Focusing on tradition technology and authority this volume challenges classical understandings that mortuary rites are inherently conservative The contributors examine innovative and enduring ideas and practices of death which reflect and constitute changing patterns of social relationships memorialisation and the afterlife

This cross cultural study examines the lived experiences of men and women from societies across the globe with diverse religious heritages and secular value systems The book demonstrates that mortuary practices are not fixed forms but rather dynamic processes negotiated by the dying the bereaved funeral experts and public institutions In addition to offering a new theoretical perspective on the anthropology of death this work provides a rich resource for readers interested in human responses to mortality the one certainty of human existence *Thorgils* Maurice Hewlett,1917 **Forging**

Environmentalism Joanne R. Bauer,2006 Drawing on an unusually rich empirical base this timely and compelling book examines how environmental values are constructed and legitimized within the policy process It trains the spotlight on four environmentally significant countries China Japan India and the United States representing a wide diversity of cultural social economic and political characteristics Through a combination of case studies and comparative analysis the contributors illuminate cultural assumptions standards and analytic techniques that shape environmental actions and policies around the world Forging Environmentalism provides valuable direction regarding what can be done to secure public support for environmental policies Incorporating expert legal economic philosophical sociological and political perspective points the way toward the possibilities for a convergence of environmental norms and values across diverse cultures The Death of

Psychotherapy Donald A. Eisner,2000-01-30 Psychologist attorney Eisner puts psychotherapy on trial by critically examining its effectiveness through the lens of the scientific method From psychoanalysis to cognitive behavior therapy as well as the 500 or so other psychotherapies there is not a single experimental study that supports the effectiveness of psychotherapy over a placebo or religious healing Using both case examples and clinical research this book challenges the conclusion that there is empirical support for the notion that psychotherapy is effective The Humble Tribute Harold Nunn,1911
