## **Triad Bureau:**

*The Triads as Business* Yiu-kong Chu, 2002-01-04 There is no doubt that the triads have become recognized as a sophisticated and international criminal force and following the handover of Hong Kong to China there have been increasing fears that their influence will spread to the West through emigration This book investigates the reality behind the myth with a study of the Hong Kong triads generally regarded as the headquarters of triad societies throughout the world Yiu Kong Chu examines their origins their organized extortion from legitimate businesses large and small and their more recent moves into illegal activities such as drug trafficking human smuggling and gambling Contrary to the popular belief that Hong Kong triads are replacing the Italian Mafia as the most powerful criminal organization in the world this book argues that Hong Kong triads may be declining as other ethnic Chinese crime gangs emerge as powerful crime groups in Western societies Based on interviews with ex triad members and victims of the triads police from Hong Kong mainland China and Europe as well as documentary evidence *The Triads as Business* gives a vivid and compelling picture of the triads as part of a wider society

*Criminal Justice in Hong Kong* Carol Jones, Jon Vagg, 2017-09-29 Containing a wealth of archival material and statistical data on crime and criminal justice *Criminal Justice in Hong Kong* presents a detailed evaluation of Hong Kong s criminal justice system both past and present Exploring the justice system and the perceptions of popular culture this book demonstrates how the current criminal justice system has been influenced and shaped over time by Hong Kong s historical position between East and West Jones and Vagg s examination of the justice system not only takes into account geographical changes like the erection of the border with communist China in 1950 but also insists that any deep understanding of the current system requires a dialogue with the rich and complex narratives of Hong Kong s history It explores a range of questions including How were Hong Kong s criminal justice institutions and practices formed What has been its experience of law and order How has Hong Kong s status as between East and West affected its social political and legal institutions Careful and detailed this analysis of one of the most economically successful politically stable and safe yet frequently misrepresented cities is a valuable addition to the bookshelves of all undergraduate and postgraduate students studying Asian law

**Open Verdict** Ken Bridgewater, 2014-04 When John MacLennan invaded the life of Aileen a radio talk show host in 1980 he was already dead He was on a dissecting table with a pathologist cutting out his heart Police Inspector MacLennan was found dead in his locked Hong Kong flat At first glance his death appeared to be suicide there was a note But there were also five bullet wounds in his chest seemingly too many to be self inflicted Rumours swirl about his suspicious death Maybe MacLennan had upset the gangsters by hounding them Perhaps he had angered the police by digging too deeply into their culture He may have offended the Hong Kong government by straying from the party line The Inspector s death was discussed daily on Aileen s show debating the question of whether it was suicide or murder Aileen was threatened with a criminal libel suit for broadcasting and causing open discussion on such a sensitive issue Based on actual events *Open*

Verdict offers a fictionalized account of MacLennan's case written by Ken Bridgewater who lived in Hong Kong at the time. In this real life mystery Bridgewater seeks to reveal the facts of this mysterious case.

**Community Policing and Peacekeeping** Peter Grabosky, 2009-06-25 In modern industrial societies the demand for policing services frequently exceeds the current and foreseeable availability of public policing resources. Conversely developing nations often suffer from an inability to provide a basic level of security for their citizens. Community Policing and Peacekeeping offers a fresh overview of the challenge.

**The Gangster Film Reader** Alain Silver, James Ursini, 2007-02 In the 1930s the gangster film in the United States coincided with a very real and very sensational gangsterism at large in American society. Little Caesar 1931, The Public Enemy 1931 and Scarface 1932 borrowed liberally from the newspapers and books of the era. With the release of just these three motion pictures in barely more than a year's time Hollywood quintessentially defined the genre. The characters, the situations and the icons, from fast cars and tommy guns to fancy fedoras and fancier molls, established the audience expectations associated with the gangster film that remain in force to this day. As with their Film Noir Reader series using both reprints of seminal articles and new pieces, editors Silver and Ursini have assembled a group of essays that presents an exhaustive overview of this still vital genre. Reprints of work by such well known film historians as Robin Wood, Andrew Sarris, Carlos Clarens, Paul Schrader and Stuart Kaminsky explore the evolution of the gangster film through the 1970s. The Godfather Parts 2 and 3 comprise two dozen newer articles, most of them written expressly for this volume by Ursini and Silver. These case studies and thematic analyses from White Heat to the remake of Scarface to The Sopranos complete the anthology.

**The Police in Hong Kong** Allan Y. Jiao, 2007 The Police in Hong Kong is the first comprehensive study of the Hong Kong Police Force, one of the largest police organizations in the world. Through detailed examinations of police practices and their value orientations, Professor Jiao aims to develop knowledge about policing in Hong Kong and related social, political and cultural conditions in which the police operate. This work includes descriptions and analyses of the historical background of the Hong Kong Police, management of the 1997 handover of power from Britain to China, organizational structure and operation of the police force, changes and reforms of the police over the years, impact of the Bill of Rights, street police vs management police, behaviors, crime, organized crime and vice problems, control of corruption and misconduct. With an emphasis on empirical evidence, Professor Jiao relies heavily on his interviews with over 200 officers and on site observations of a variety of police activities for the form and content of this study. As such, this work fills a void in criminal justice and police studies as well as Asian studies.
