How small print is a threat to health

By John H. Johnson

More than ever before, the small print in contracts, leases, and other legal documents is a threat to the health of the economy. It is a threat because it is often used to impose unfair and unreasonable terms on the weaker party. It is a threat because it is often used to impose terms that are not in the best interests of the economy as a whole. It is a threat because it is often used to impose terms that are not in the best interests of the individual parties to the contract.
