Gunton, 1998 This text is part of the Edinburgh Studies in Constructive Theology series which aims to provide a dialogue between the history of Western theological traditions and the contemporary interpretative context Intended for those with no particular historical or theological training it guides students through the core theological issues searching out common ground by surveying the classic works of the theological tradition *The Theology of Colin Gunton* Lincoln Harvey, 2010-06-09 In *The Theology of Colin E Gunton* a number of contemporary theologians from across the world critically engage with the work of this influential British theologian Gunton's handling of the gospel of Jesus Christ is celebrated key doctrines critically examined and his contribution to the ongoing theological task carefully evaluated Contributors address key issues at the centre of Gunton's understanding of the Christian gospel thereby enabling readers to appreciate how Gunton's fundamental analysis of the relation between God creation and Jesus Christ impacts the church's ongoing task of faithful theological enquiry In this volume of essays contributors explore Gunton's constructive thinking on a range of doctrinal topics as well as critically analyze Gunton's theological method and use of the Christian tradition As such this collection of essays provides the Christian theological community with its first wide ranging and carefully argued examination into the influential work of Colin E Gunton

The Hexagon of Heresy James D. Gifford Jr., 2022-11-11 Have you ever wondered how we got here Have you ever wondered how Western civilization arrived at the brink of suicide How did a thoroughly Christian culture give rise to the very ideas that seek to kill it Constantinople was conquered by the Ottoman Turks Western civilization has never been conquered from without it is being conquered from within How do philosophies like deism fatalism Marxism atheism and secular humanism arise from within the confines of the Christian theological culture that is Western civilization Also why are there always exactly two sides to every fundamental disagreement Why is it either liberal or conservative sovereignty or freedom rational or volitional meticulous order or complete chaos Catholic or Protestant Lutheran or Reformed God or humanity the one or the many Why is there never a third option or even an option that can bypass the dichotomy This book attempts to provide a framework that seeks to begin answering some of those questions The answer may be something very ancient and almost forgotten in today's world Theological decisions were made long ago that planted the seeds for the destruction of both church and civilization What are they Read and find out

Trinity and Humanity Uche Anizor, 2018-02-27 Colin Gunton is regarded by many as one of the most important English theologians of the twentieth century A prolific writer and creative thinker Gunton taught at King's College London for over thirty years until his untimely death in 2003 In this first single authored introduction to Gunton's theology Uche Anizor traces the key theological themes major contributors and criticisms of his work Each chapter provides a synthesis and overview of Gunton's thought on a particular doctrine or set of doctrines calling attention to the Trinitarian shape of his theology In *Trinity and Humanity* Anizor provides a handy entrance into the corpus of this major thinker **Colin**

Gunton's Trinitarian Theology of Culture Andrew Picard,2024-06-27 This book critically engages Colin Gunton's trinitarian theology of culture in the context of modern debates in trinitarian theology and argues against critics that Gunton's trinitarian theology remains defensible and fruitful for contemporary conversations in theology and culture
