Trouble With Nigeria:

The Trouble with Nigeria Chinua Achebe, 1984 This novel about Nigeria prophesied the 1983 coup

The Trouble with America Kenneth J. Long, 2009-01-16 The Trouble with America critiques the theory and practice of American government focusing on the fatal flaws of America's core political arrangements Institutionalized pluralism the structural dispersal of power generates government too weak to solve our public problems American constitutionalism the limitation of government power and authority protects property rights far better than it defends our civil liberties and it offers little or no protection for non citizens Capitalism is a hyper competitive and grossly unfair economic system which rewards pre existing wealth far better than hard work or talent and encourages petty materialist consumption of mostly low quality goods undermining taste as well as fairness Taken together pluralism constitutionalism and capitalism in America harm our society in a myriad of ways leaving us with inadequate representation poor leadership social and political paralysis and irresponsibility unrealistic self images and scandalously poor domestic and foreign policies This book will prove a valuable supplement in American government courses an alternative to the centrist material currently dominating textbooks on this subject

Memory and Peace Francis Anekwe Oborji, 2020-11-11 The Latin adage Si vis pacem para bellum if you want peace prepare for war is usually interpreted as peace through strength It expresses the idea that being armed and ready to fight in order to defend oneself is a viable way of keeping the peace However the truism of the adage is expressed by the author who argues for peace and sustainable development of Africa at large in the light of the Nigerian Biafra struggle He intellectually equips readers with memories of the past lest the mistakes of history be repeated The author uses the power of the pen as a weapon mightier than the sword to discuss the structures of peace in the African context He weighs in a balance the need for restructuring and the right for self determination the way to freedom and collective effort towards development This volume contains articles that propose potential and functional solutions to the perennial challenges presently facing Nigeria as a country Interestingly the reflections recommend steps towards cordial reconciliation and the liberating spirit that would catalyze the restoration of an emerging nation the Republic of Biafra The volume further expands the ongoing ideas and thoughts on a variety of issues that offer roadmaps to the contextual problems of the indigenous people as well as the Christian Mission and evangelical witness Furthermore the author goes on to demonstrate that when dialogue is employed peace makes its way in the hearts of the citizens which ushers in the flourishing of good governance and economic growth Hence justice equity peace equal rights and opportunity become the bedrock upon which every nation state is supposed to be founded

Celebrating Chinua Achebe Chukwuemeka Bosah, 2013-11-16 In essays verse and questions twenty two contributors representing a plethora of endeavors discuss Chinua Achebe's life and works and legacy These contributors who were Achebe's friends peers colleagues scholars proteges and yet others who were influenced by him and come from different generations discuss the man and his influence in this uniquely remarkable book Wole Soyinka and Ngugi wa Thiong'o lead

Empowerment of the Catholic Laity in the Nigerian Political Situation Peter Chidi Okuma,2009 In light of this research work the Vatican II Council remains a landmark and its document Apostolicam Actuositatem what we decided to call a Text of witness of actions for the Catholic Laity the Decree on the Apostolate of the Laity inter alia Lumen gentium and Gaudium et spes that border on the mission of the Catholic Laity in the human society is a great achievement After the Vatican II Council the Church saw the need to enhance and harness the witnessing message of the Council for the Catholic Laity mission in the Church and in the world In the light of the foregoing this work is part of these efforts We developed a hermeneutical model via the political theology of Johann Baptist Metz in the light of the Vatican II Council message that becomes a challenge for concrete action of the Nigerian Catholic Laity in the existential socio political situation of Nigeria

time in the history of the nation It is either the leaders are not emerged from the right political ideology that suit the environment or the leaders are not the right people for the job The nation has been ruled by the military with dictatorial laws the parliamentary and presidential system of governance with flaws This author s researches also critically looked into the stakeholders and the primary and other roles of each in the national growth in all ramifications Author Amusa Abdulateef wrote huge on the constitutional rights of the eligible voters on the election and recall of the elected leaders the duties of the electoral body and the other stakeholders in the electioneering All these are targeted at having the right leaders for the tiers of government for the positive impacts on the nation and the nationals To the author there is need for reforms in voting active participation of voters assembly electoral laws and the terms as tenure in offices then the nation is off the wood Through the emergence of the right crops of leaders and necessary reforms the trending restructuring by the people shall go down and the trouble with Nigeria shall end within a short time The book is a prized asset to the students of history and socio economic political analysts and philosophers It is a must for all libraries as a good reference in administrative books
