A Line of Cutting Women Beverly McFarland,1998 Fiction and essay anthology Women s Studies In this anthology culled from twenty two years of award winning CALYX A Journal of Art and Literature By Women a long line of writers share their visions of the worlds women create What an extraordinary collection of worthwhile writing brave in many cases beautiful in almost all A book to sit down with I was able to remember my first reading of some of these stories many of them first publications and relive the excitement Grace Paley Anyone who still doubts the existence of a multicultural women s culture will be forever changed by this book and will have enjoyed a fine read in the bargain Robin Morgan Thirty seven stories drawn from two decades worth of issues of CALYX A Journal of Art and Literature By Women demonstrate both how important a role the journal has played in providing a venue for both unknown and well established writers and how sharp its editorial eyes have been There are superb tales here by such familiar figures as Julia Alvarez the affecting *Now World* Linda Hogan Crow and Alicia Ostriker Esther or *The World Turned Upside Down* as well as stunning work by less well known writers including M Evelina Galang s *Her Wild American Self* and Hollis Seamon s *Gypsies in the Place of Pain* The volume takes its title from a fierce sad tale by Rita Marie Nibasa about the ways in which love and violence often mingle Because the stories are by women from a number of cultures and because the tales embrace so many kinds of narrative views from the grimly documentary to magic realism the collection provides a useful overview of the large diverse often angry and usually vital work being produced by a new and markedly varied generation of women writers First rate short fiction Kirkus

Romanticism was a source of powerful imaginative revisionism perversion transition and partial negation But for all these strong Decadent reactions against the period the cultural phenomenon of Decadence shared with Romanticism a mutual distrust of the philosophy of utilitarianism and the aesthetics of neo Classicism Reflecting on the interstices between Romantic and Decadent literature Decadent Romanticism reassesses the diverse and creative reactions of Decadent authors to Romanticism between 1780 and 1914 while also remaining alert to the prescience of the Romantic imagination to envisage its own distorted darker perverted other self Creative pairings include William Blake and his Decadent critics the recurring figure of the sphinx in the work of Thomas De Quincey and Decadent writers and Percy Shelley with both Mathilde Blind and Swinburne Not surprisingly John Keats s works are a particular focus in essays that explore Keats s literary and visual legacies and his resonance for writers who considered him an icon of art for art s sake Crucial to this critical reassessment are the shared obsessions of Romanticism and Decadence with subjectivity isolation addiction fragmentation representation romance and voyeurism as well as a poetics of desire and anxieties over the purpose of aestheticism
