FASTER THEORY Freya Sinclair, What if your body already knows how to heal faster and more effectively, and you simply need to stop getting in its way? In *Victoria Maizes M.D. Heal Faster Theory*, this book draws inspiration from the integrative medicine principles championed by Dr. Victoria Maizes, a respected physician and leader in whole person healing. Her work emphasizes that recovery is not about forcing the body but about activating its natural intelligence through sleep, nutrition, stress regulation, movement, and mind-body balance. This book reflects those principles and translates them into clear, practical guidance you can apply immediately in everyday life. Written for people who are tired of slow recovery, recurring illness, lingering pain, or feeling stuck in survival mode, this guide shows you how healing accelerates when the body's systems work together instead of fighting each other. You will learn how immunity, hormones, inflammation, digestion, and emotional health are deeply connected and how small, intentional changes can dramatically improve recovery speed and resilience. This is not a rigid medical manual or a promise of instant cures. Instead, it offers a grounded and compassionate approach rooted in integrative medicine thinking. From strengthening your foundation with restorative sleep and stress regulation to supporting faster recovery from infections, pain, surgery, and chronic conditions, the book walks you step by step through strategies that respect the body rather than overwhelm it. Inside, you will discover how to support healing during everyday illnesses, manage pain naturally, restore gut and hormone balance, and build emotional resilience. You will also learn how to prepare your body before surgery and recover more smoothly afterward using proven mind-body and lifestyle techniques. The final section helps you design a personalized healing toolkit so your recovery plan fits your body, your life, and your long-term health goals. If you want to feel stronger, recover faster, and trust your body again, this book was written for you. Whether you are dealing with stress, chronic conditions, surgery recovery, or simply want to protect your health before problems escalate,

the Heal Faster Theory gives you a smarter and more sustainable path forward Your body is built to heal This book shows you how to help it do exactly that
