Some Survived:

Some Survived Manny Lawton,2004-01-03 Manny Lawton was a twenty three year old Army captain on April 8 1942 when orders came to surrender to the Japanese forces invading the Philippine Islands The next day he and his fellow American and Filipino prisoners set out on the infamous Bataan Death March a forced six day sixty mile trek under a broiling tropical sun during which approximately eleven thousand men died or were bayoneted clubbed or shot to death by the Japanese Yet terrible as the Death March was for Manny Lawton and his comrades it was only the beginning When the war ended in August 1945 it is estimated that some 57 percent of the American troops who had surrendered on Bataan had perished But this is not a chronicle of despair It is instead the story of how men can suffer even the most desperate conditions and in their will to retain their humanity triumph over appalling adversity An epic of quiet heroism **Some Survived** is a harrowing poignant and inspiring tale that lifts the heart

Surviving Mass Victim Attacks Gary M. Jackson,2018-09-22 We have all witnessed media reports of the aftermath of mass victim attacks We see the carnage and we know that attackers do not show mercy Victims were innocent and were targeted simply for being a part of a small or large group of people Whether a bomb semi automatic weapon knife or vehicle the attacker strikes quickly and without mercy Victims may have been dining in a restaurant relaxing at a bar participating in school classes attending a workplace activity or simply walking on the street Because of the horrific and effective nature of such attacks we are often left fearing that little to nothing can be done if the unthinkable happens and we are caught in such a merciless attack **Surviving Mass Victim Attacks** presents specific and valuable strategies for survival if the unthinkable happens and serves as a practical guide to anyone who wishes to be more knowledgeable and better prepared if caught in an attack themselves Gary Jackson is a behavioral psychologist threat expert with operational experience who analyzes how victims have managed to survive past mass victim attacks committed by international terrorists domestic terrorists self radicalized terrorists those with mental health issues and those driven by hate and bias to present strategies that anyone can use to increase their chances of survival if the unthinkable happen Throughout different types of mass victim attackers their methods how and what they target and how to use characteristics of the location to increase survival are addressed The book uses real life examples to illustrate survival the strategies presented are easily understood and do not require special skills to execute By reading **Surviving Mass Victim Attacks** you will be better able to know what to expect how to prepare proactively and how to respond in a way that will save your life

Mey,2015-07-31 This volume is part of the series Pragmatics Philosophy and Psychology edited for Springer by Alessandro Capone It is intended for an audience of undergraduate and graduate students as well as postgraduate and advanced researchers This volume focuses on societal pragmatics One of the main concerns of societal pragmatics is the world of language users We are interested in the investigation of linguistic practices in the context of societal practices

praxis to use a term used in the Wittgensteinian and other traditions It is clear that the world of users including their practices their culture and their social aims has to be taken into account and seriously investigated when we deal with the pragmatics of language It is not enough to discuss principles of language use solely in the guise of abstract theoretical tools Consequently the present volume focuses explicitly on the interplay of abstract theoretical principles and the necessities imposed by societal contexts often requiring a more flexible use of such theoretical tools The volume includes articles on pragmatics politeness and anti politeness dialogue joint utterances discourse markers pragmatics and the law institutional discourse critical discourse analysis pragmatics and culture cultural scripts argumentation theory connectives and argumentation language games and psychotherapy slurs the analysis of funerary rites as well as an authoritative chapter by Jacob L Mey on societal pragmatics Parasitology ,1917 *Father Found* Duane Heisinger,2003 **Bulletin** ,1906
