Son Of The Wolf:

The Son of the Wolf Jack London, 2007-02 Carmen won't last more than a couple of days Mason spat out a chunk of ice and surveyed the poor animal ruefully then put her foot in his mouth and proceeded to bite out the ice which clustered cruelly between the toes I never saw a dog with a highfalutin name that ever was worth a rap he said as he concluded his task and shoved her aside They just fade away and die under the responsibility Did ye ever see one go wrong with a sensible name like Cassiar Siwash or Husky No sir Take a look at Shookum here he's Snap The lean brute flashed up the white teeth just missing Mason's throat Ye will will ye A shrewd clout behind the ear with the butt of the dog whip stretched the animal in the snow quivering softly a yellow slaver dripping from its fangs

Tawny L. Holm, 2013-11-14 Holm's book is an innovative approach to the biblical Book of Daniel It places Daniel against the background of story collections an ancient genre that began in Egypt in the mid second millennium B C E This work focuses on Daniel 6 4 and provides detailed comparisons with specific bodies of story collections and other related material from the Ancient Near East In this regard special attention is given to Egyptian court tales a large corpus mostly neglected by previous biblical scholars Thus this book brings new evidence and fresh insights to the field of Daniel studies which in recent years has generated constant interest especially as it pertains to textual issues and literary matters Setting Daniel against an explicit definition of the story collection genre redefines a vast array of questions concerning textual criticism compositional history and the overall nature of the book For instance the divergent texts of the narrative parts of Daniel the Masoretic text and the Greek editions in Theodotion and the Septuagint now need to be described in part as variant editions or tellings of a common core material rather than as translations of older written texts with clearly traceable genealogies When Daniel is studied in the context of story collections and kindred compositions from the Ancient Near Eastern and neighboring literatures new light is shed on the literary traditions and processes from which the Daniel stories arose There are a greater number of court tales and cycles than previously recognized as in the case of Qumran but also the Egypt Demotic corpus The detailed discussion of all these materials allows us to appreciate the Book of Daniel in a much wider literary milieu and it furthers our understanding of the history of its composition and early transmission **It's Russia, My Son. A (partial) Roadmap of the Russian Soul**

Sean Stewart, 2015-07-14 Its very name conjures images of a vast and trackless landscape where snow covered onion domes peep over heavy stone fortress walls Its history is an epic populated by dreamers madmen and geniuses who left an indelible imprint on the national character Above all it is a place where the 21st century collides with the 12th where the radiant future was born and the past is not really the past It's Russia My Son pulls back the veil which has long shrouded this land in mystery exploring the mindset of a people who have shaped and continue to shape the world we live in A romp through the history and culture of the world's largest nation It's Russia My Son is a quest to find out what really makes Russians tick Attitudes towards power love friendship religion and warfare have all played a role in forming the legendary Russian soul By exploring these themes among many others the reader will come away with a roadmap of the Russian soul in all its glory and heartbreak tragedy and triumph The book will appeal to general readers as well as travelers explorers and historians looking for a fresh vantage point from which to view one of the world's most intriguing nations *The Son of the Wolf* Jack London, 1998-12-01 High quality reprint of The Son of the Wolf Tales of the Far North by Jack London The Oxford Handbook of Jack London James W.
