The Carribean

Puja Mehta

The Caribbean:

The Caribbean Gad Heuman, 2013-11-07 Gad Heuman provides a comprehensive introduction to the history of the Caribbean from its earliest inhabitants to contemporary political and cultural developments. Topics covered include The Amerindians, Sugary and Slavery, Race, Racism and Equality, The Aftermath of Emancipation, The Revolutionary Caribbean, Cultures of the Caribbean. This new edition is fully revised and updated with new material on the pre-Columbian era and the Hispanic Caribbean. It takes account not only of the political and social struggles that have shaped the Caribbean but also provides a sense of the development of the region's culture. *The Caribbean: A Brief History* is ideal for students and those seeking a clear and readable introduction to Caribbean history. *Igniting the Caribbean's Past* Bonham C. Richardson, 2005-12-15 Unlike the earthquakes and hurricanes that have influenced Caribbean history, the region's fires have almost always been caused by humans. Geographer Bonham C. Richardson explores the effects of fire in the social and ecological history of the British Lesser Antilles from the British Virgin Islands south to Trinidad. Focusing on the late nineteenth century leading to the 1905 withdrawal of British military forces from the region, Richardson shows how fire-lit social upheavals served as forerunners of political independence movements. Drawing on Caribbean and London archives as well as years of fieldwork, Richardson examines how villagers used modified and contemplated fire in part to vent their frustrations with a savage economic depression and social and political inequities imposed from afar. He examines fire in all its forms from protest torches to sugarcane fires that threatened the islands' economic staple. Richardson illuminates a neglected period in Caribbean history by showing how local uses of fire have been catalysts and even causes of important changes in the region. **The Caribbean Islands** Helmut Blume, 1974 The Caribbean Islands in Full Colour Hans W. Hannau, 1974 *A Brief History of the Caribbean* Jan Rogozinski, 2000-09-01 This comprehensive volume takes the reader and student through more than five hundred years of Caribbean history beginning with Columbus's arrival in the Bahamas in 1492. *A Brief History of the Caribbean* traces the people and events that have marked this constantly shifting region encompassing everything from economic booms and busts to epidemics, wars, and revolutions and bringing to life such important figures as Sir Francis Drake, Blackbeard, Toussaint Louverture, Fidel Castro, the Duvaliers, and Jean Bertrand Aristide. This superbly written history, revised and updated with new chapters that reflect the islands' most recent social, economic, and political developments, is a work of impeccable scholarship. Featuring maps, charts, tables, and photographs, it remains the ideal guide to the region and its people. The Hispanic American Historical Review James Alexander Robertson, 1930 Includes Bibliographical section *Status of Geological Research in the Caribbean*, 1965 **University Debaters' Annual**, 1928 **The Caribbean & West Indies Chronicle**, 1979 *A Brief History of the Caribbean* Jeremy Black, 2021-11-18 A concise history of the Caribbean's long and fascinating history from pre-contact civilisations to the present day. This is a concise history intended for travellers but of inestimable value to anyone looking for an overview of the

Caribbean and its mainland coastal states with a focus on the past few centuries The history of the Caribbean does not make much sense without factoring in the cities Pensacola New Orleans Galveston and the ambitions of the states on its continental shores notably the United States This account is grounded in a look at the currents and channels of the sea and its constraints such as the Mosquito Coast followed by the history of pre contact civilisations focusing on the Maya and the Toltec Empire With the arrival of the Europeans from the late fifteenth century to the early years of the seventeenth century the story becomes one of exploration conquest and settlement Black charts the rise of slave economies and the Caribbean s place in the Atlantic world also the arrival of the English Hawkins and Drake to challenge the Spanish He examines the sugar and coffee slave economies of the English French Spanish and Dutch also the successful rebellion in Haiti in the eighteenth century and how the West Indies were further transformed by the Louisiana Purchase the American conquest of Florida and the incorporation of Texas He discusses the impact of Bolivar s rebellion in Spanish America the end of slavery in the British Caribbean and war between Mexico and America also the defeat of the South by the Union the American takeover of the Panama Canal project from France and the Spanish American War The first half of the twentieth century focuses on growing US power intervention in Mexico Honduras Nicaragua Panama Haiti and the Dominican Republic Cuba as an American protectorate and civil wars in Mexico The Cold War brought new tensions and conflict to the region but the same period also saw the rise of the leisure industry The last part of the book looks at the Caribbean today political instability in Venezuela and Colombia crime in Mexico post Castro Cuba and the region s future prospects

The Caribbean Jean Casimir,1992 The aim of this study is to comprehend how the role played by the Caribbean in the world system affects the relationships between the social groups within its societies
