practice Exploring the disciplinary identity of dance in dialogue with the visual arts this book unpacks how compositional methods that were dance based informed visual art contexts The book provokes fresh consideration of the entangled relationship between and historiographic significance of visual arts and dance by exploring movements in history that dance has been traditionally mapped to Neo Avant Garde Neo Dada Conceptual art Postmodernism and Performance Art and the specific practices and innovations from key people in the field like John Cage Anna Halprin and Robert Rauschenberg This book also employs a series of historical and critical case studies which show how compositional approaches from dance breath weight tone energy informed the emergence of the intermedial Ultimately this book shows how dance and choreography have played an important role in shaping visual arts culture and enables the re imagination of current art practices through the use of choreographic tools This unique and timely offering is important reading for those studying and researching in visual and fine arts performance history and theory dance practice and dance studies as well as those working within the fields of dance and visual art Chapter 1 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license available at <http://www.taylorfrancis.com>

Experimental Dance and the Somatics of Language Megan V. Nicely, 2023-10-12 This book is about dance s relationship to language It investigates how dance bodies work with the micromovements elicited by language s affective forces and the micropolitics of the thought sensations that arise when movement and words accompany one another within choreographic contexts Situating itself where theory meets practice the zone where ideas arise to be tested the book draws on embodied research in practices within the lineages of American postmodern dance and Japanese butoh set in dialog with affect based philosophies and somatics Understanding that language is felt both when uttered and when unspoken this book speaks to the choreographic thinking that takes place when language is considered a primary element in creating the sensorium

Becomings Johanna Kirk, 2024-06-04 This book explores postmodern choreographic engagements of pregnant bodies in the US over the last 70 years Johanna Kirk discusses how choreographers negotiate identification with the look of their pregnant bodies to maintain a sense of integrity as artists and to control representations of their gender and physical abilities while pregnant Across chapters the artists discussed include Anna Halprin Trisha Brown Twyla Tharp Sandy Jamrog Jane Comfort Jody Oberfelder Jawole Willa Jo Zollar Miguel Guti rrez Yanira Castro No mie LaFrance and Meg Foley By presenting their bodies in performance these artists demonstrate how their experiences surrounding pregnancy intersect not only with their artform and its history but also with their personal experiences of race gender and sexual identification In these pages Johanna Kirk argues that choreography offers them tools that are alternative to medicine or other forms of social representation for understanding what how pregnant bodies do and feel and what they can mean for individuals and their communities The works within these chapters invite readers to see dancing bodies and pregnant bodies in new ways and for their potential to manifest new possibilities This study will be of great interest to students and scholars exploring dance
