Trouble Begins:

Forgotten Firebrand John R. McKivigan, 2018-07-05 The reformer James Redpath 1833-1891 was a focal figure in many of the key developments in nineteenth century American political and cultural life. He befriended John Brown, Samuel Clemens, and Henry George, and toward the end of his life was a ghostwriter for Jefferson Davis. He advocated for abolition, civil rights, Irish nationalism, women's suffrage, and labor unions. In *Forgotten Firebrand*, the first full-length biography of this fascinating American, John R. McKivigan portrays the many facets of Redpath's life, including his stint as a reporter for the *New York Tribune*, his involvement with the Haitian emigration movement, and his time as a Civil War correspondent. Examining Redpath's varied career enables McKivigan to cast light on the history of journalism, public speaking, and mass entertainment in the United States. Redpath's newspaper writing is credited with popularizing the stenographic interview in the American press, and he can be studied as a prototype for later generations of newspaper writers who blended reportage with participation in reform movements. His influential biography of John Brown justified the use of violent actions in the service of abolitionism. Redpath was an important figure in the emerging professional entertainment industry in this country. Along with his friend P. T. Barnum, Redpath popularized the figure of the impresario in American culture. Redpath's unique combination of interests and talents for politics, journalism, public relations, and entrepreneurship brought an entrepreneurial spirit to reform that blurred traditional lines between business and social activism and helped forge modern concepts of celebrity.

Adventure Journalism in the Gilded Age Katrina J. Quinn, Mary M. Cronin, Lee Jolliffe, 2021-07-13 These new essays tell the stories of daring reporters, male and female, sent out by their publishers not to capture the news but to make the news, indeed to achieve star billing and to capitalize on the Gilded Age public's craze for real-life adventures into the exotic and unknown. They examine the adventure journalism genre through the work of iconic writers such as Mark Twain and Nellie Bly, as well as lesser-known journalistic masters such as Thomas Knox and Eliza Scidmore, who took to the rivers and oceans, mineshafts, and mountains, rails, and trails of the late nineteenth century, shaping Americans' perceptions of the world and of themselves.
