Semantics Igor? Aleksandrovi? Mel??uk, Igor A. Mel'cuk, 2012 This book presents an innovative and novel approach to linguistic semantics beginning with the idea that language can be described as a system for the expression of linguistic Meanings as particular surface forms or Texts Semantics is specifically that system of rules that ensures a correct transition from a Semantic Representation of the Meaning of a family of synonymous sentences to the Deep Syntactic Representation of a particular sentence Framed in the terms of Meaning Text linguistics this volume discusses in detail the problems of Semantic Representation including the semantic structure of utterances the semantics of Causation in English and communicative or information structure Based on the author's life long dedication to the study of the semantics and syntax of natural language this book is a paradigm shifting contribution to the language sciences whose originality and daring will make it essential reading for linguists anthropologists semioticians and computational linguists *The Tyrant's Daughter* J.C. Carleson, 2015-07-28 Filled with political intrigue and emotional tension Carleson's riveting novel features a teenage refugee caught in a web of deceit and conspiracy PW starred review When her father is killed in a coup Laila and her mother and brother leave their war torn homeland for a fresh start in the suburbs of Washington D C At her new high school Laila makes mistakes makes friends and even meets a boy who catches her eye But this new life brings unsettling facts to light The American newspapers call her father a brutal dictator and suggest that her family's privilege came at the expense of innocent lives Meanwhile her mother would like nothing more than to avenge his death and she'll go to great lengths to regain their position of power As an international crisis takes shape around her Laila is pulled in one direction then another but there's no time to sort out her feelings She has to pick a side now and her decision will affect not just her own life but countless others Inspired by the author's experience as a CIA officer in Iraq and Syria this book is as timely as it is relevant Praise for *The Tyrant's Daughter* Carleson a former undercover CIA officer infuses her story with compelling details and gripping authenticity The Boston Globe Every American should read this book It's an eye opener Suzanne Fisher Staples Newbery Honor winning author of *Shabanu* *The Nuclear Deception* Servando Gonzalez, 2002 The event known as the Cuban missile crisis the greatest of all Cold War crises is a milestone in the history of the Cold War According to the author the main questions of the situation have eluded satisfactory answers because analysts have neglected the true Cuban role in the event particularly the Russo Cuban relations prior to the crisis **Master mode** Angelo Aulisa, Master mode self help non fiction inner guide to meditation inner being witness consciousness universal consciousness to nothingness emptiness gate less gate to non being body incorporeal where time space duality of mind and dialectics completely annihilate into formless relation less unfocused awareness that is just an i am ness infinite light infinite relaxation awareness ultimate essence of the core and source of the mystery of the universal body and of life and death and of all duality eternity itself meaning no begin no end oceanic light no size just infinity the size vanish into an open relativity not absolute at all just an infinite opening into infinity
