**Virgin Territory** Julia Kelto Lillis,2022-12-13 Women s virginity held tremendous significance in early Christianity and the Mediterranean world Early Christian thinkers developed diverse definitions of virginity and understood its bodily aspects in surprising often nonanatomical ways Eventually Christians took part in a cross cultural shift toward viewing virginity as something that could be perceived in women s sex organs Treating virginity as anatomical brought both benefits and costs By charting this change and situating it in the larger landscape of ancient thought Virgin Territory illuminates unrecognized differences among early Christian sources and historicizes problematic ideas about women s bodies that still persist today

**The Old Soul's Guide To The Universe** Silas Herald,2026-02-02 Some people move through life feeling older than time itself carrying questions that never quite fit the age they were born into If you ve always sensed there is more beneath the noise of modern life more beneath identity belief systems and borrowed truths this book was written for you The Old Soul s Guide to the Universe is a quiet companion for those who feel they ve lived many lives and are now being called to remember rather than accumulate In an era shaped by confusion acceleration and spiritual performance Honey offers something rare a grounded map back to inner knowing This book does not chase trends or promise instant awakening Instead it speaks from soul to soul sharing timeless principles intuitive clarity and universal truths that help orient the reader inward Through reflection and lived wisdom it gently realigns awareness purpose and direction for those standing at a personal or collective crossroads We are living through a pivotal moment on Earth Many are searching for truth but few are taught how to recognize it within themselves This is not a book of answers imposed from above It is an invitation to remember who you were before the world told you who to be Written with gratitude and humility The Old Soul s Guide to the Universe is a testament to shared remembering and a gift from Honey s soul to yours What s Inside This Book A grounded framework for inner awareness in a fractured overstimulated world Timeless spiritual principles stripped of modern distortion and performance Guidance for reconnecting with intuition and internal direction Insight for old souls who feel out of place in contemporary culture Reflections on ascension consciousness and personal responsibility A calm steady voice amid collective uncertainty and spiritual noise This book meets you where you are and walks beside you as
