Mulder, Louis Weeks, 1990-01-01 Focusing on the expression of faith among American Presbyterians, this book surveys important developments in Presbyterian theology and worship. It provides an understanding of the changes in mainstream Protestantism and American Christianity and analyzes preaching, worship, hymnody, devotional materials, and social justice pronouncements. The authors include both the achievements and the ambiguous legacy of this developmental stage in American Presbyterian history. Through its examination of American Presbyterianism, the *Presbyterian Presence* series illuminates patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century.

**The Theory of Archetypes** James S. Larson, 2004 The central thesis of the book is that man's perception of mind, body, and spirit has influenced his thinking in the social sciences. Mind, body, and spirit serve as archetypes for social thinking and social institutions. The book applies these concepts to major theories in the social sciences and also suggests ways to improve social institutions and practices by understanding the relationships between mind, body, and spirit.
