Orchestra Management Arne Herman, 2022-08-01 Every orchestra in the world oscillates between crisis and survival This perpetual movement makes innovation both in organizational form and in artistic product vital to the sustainability of the symphony orchestra Based on case study research in Flanders Amsterdam and London this book reflects on the sustainability crisis of the orchestra by framing it as a legitimacy crisis that affects both the orchestra s artistic and organizational identity The aim of this book is to explore the dynamics between various and often conflicting factors in the orchestra s quest for survival and to show how these organizational dynamics relate to the orchestra s repertoire By highlighting the importance of every organization s specific environment to which it needs to adapt this book illustrates that the orchestra field is not a field that relies on best practices The book reflects on conventional as well as innovative orchestra models making the comparative point of view relevant for academic or practice based researchers orchestra managers policymakers and subsidizing bodies interested in sustainable and future oriented orchestra management

A Chemistry at Cross Keys Adelaide Acree, 2025-11-01 She s come home with nothing to lose except her heart Charlotte the Dowager Viscountess Woodchester has finally stepped out from behind the veil of mourning and into the Berkshire village she never stopped calling home But returning to Basildon means facing the man she once left behind Caelen Holloway was her first love her truest love and the one she hurt most when she was forced to marry another Now with a tavern in need of saving she uses her jointure to invest in its refurbishment and she s hoping for more than just forgiveness She s hoping for a second chance He s rebuilt everything except the one thing that mattered Caelen Holloway swore he d never let Charlotte back in Not after the way she left not after the letter that shattered him The Cross Keys is finally thriving the village depends on him and he has no time for ghosts from the past But when Charlotte starts funding renovations and slipping effortlessly back into his circle connecting with the people he loves like she never left it s hard to ignore the warmth creeping in again As summer unfurls and old memories bloom like a sonnet to a poet they must decide if the chemistry that s never faded is worth risking their hearts again and whether some wounds can still be healed after all A tender slow burn Regency romance about healing homecomings and the kind of love that never lets go
