shading gardens guarding hedgerows the willow tree is a poetically formed plant but also a practical one For millennia the wood of the willow has been used for baskets furniture fences and toys while finding its place in the watercolors of Monet Shakespearean tragedies Hans Christian Andersen and *The Lord of the Rings* Telling the willow's rich and multilayered tale Alison Syme explores its presence in literature art and human history Syme examines the manifold practical uses of the tree discussing the application of its bark in medicines its production as an energy crop that produces biofuel and charcoal and its employment for soil stabilization and other environmental protection schemes But despite all the functional uses of willows she argues we must also heed the lessons they teach about living dying and enriching our world Looking at the roles that willows have played in folklore religion and art she parses their connections to grief and joy toil and play necessity and ornament Filled with one hundred images *Willow* is a seamless account of the singular place the willow holds in our culture

Excursions in Chinese Culture Marie Chan, Jinsheng Tao, 2002 This eclectic collection includes an introduction to the Ming scholar Yang Shen and his wife and translations of some of their poems an exploration of a middle ground between the literalist and non literalists approaches to Chinese English verse translation a close critical analysis of the relationship between the tonal patterns of a Tang regulated quatrain and poetic meaning and a inquiry into the poetic use of function words in Tang poetry

Washing Silk Robin D. S. Yates, 1988 Wei Chuang was a prolific Tang dynasty poet He not only wrote in the shih form poems in the old and new styles the latter having strict rules of meter rhyme and euphony but also was one of two literati founders of the tz u lyric tradition based on a popular song form This tripartite study provides a thoroughgoing picture of his life and work The book begins with the first detailed biography of Wei Chuang in a Western language drawn both from historical sources and Wei's poetry The shih poems are intensely autobiographical and provide insight into Wei's own experience and into the situation in China at the end of the ninth century A second section analyzes the poetry demonstrating that Wei's tz u cannot be understood without reference to his shih compositions a new approach to the totality of Wei's work Finally this volume presents translations briefly annotated of 110 shih poems including his major narrative poem *The Lament of the Lady of Chin* and almost all the tz u attributed to him constituting more than a third of Wei Chuang's extant poetry The translations while hewing close in meaning to their Chinese originals have considerable value as poems in English This work offers information that is useful to those interested in the literature history and general culture of medieval China The translations bring to modern readers of English poetry the pleasures of becoming acquainted with a complex and innovative voice from the Chinese past

All the contributors relate their authors to the life and work of other contemporary Chinese women writers and compare work coming from PRC Taiwan and overseas Chinese.
