## Summer Surrender:

**The Rise** Sarah Lewis, 2014-03-04 From celebrated art historian curator and teacher Sarah Lewis a fascinating examination of how our most iconic creative endeavors from innovation to the arts are not achievements but conversions corrections after failed attempts The gift of failure is a riddle it will always be both the void and the start of infinite possibility The Rise part investigation into a psychological mystery part an argument about creativity and art and part a soulful celebration of the determination and courage of the human spirit makes the case that many of the world's greatest achievements have come from understanding the central importance of failure Written over the course of four years this exquisite biography of an idea is about the improbable foundations of a creative human endeavor Each chapter focuses on the inestimable value of often ignored ideas the power of surrender how play is essential for innovation the near win can help propel you on the road to mastery the importance of grit and creative practice The Rise shares narratives about figures past and present that range from choreographers writers painters inventors and entrepreneurs Frederick Douglass Samuel F B Morse Diane Arbus and J K Rowling for example feature alongside choreographer Paul Taylor Nobel Prize winning physicists Andre Geim and Konstantin Novoselov and Arctic explorer Ben Saunders With valuable lessons for pedagogy and parenting for innovation and discovery and for self direction and creativity The Rise prompts deep reflection and sparks inspiration
