Ten Episodes In Chinas Diplomacy:

Ten Episodes in China's Diplomacy Qian Qichen,2006-01-03 Qian Qichen played a direct role in some of the most dramatic moments in recent Chinese history including standoffs efforts to build alliances and historic summits and here he recounts these episodes from behind the scenes Having witnessed and influenced high powered political crossroads he shows just how global relationships are delicately maintained through rarely seen negotiations Qichen s remembrance covers world changing events including the thawing of China s relationship with the Soviet Union Nelson Mandela s visit to China after his release from prison the normalization of Sino Indonesian relations and the transfer of Hong Kong As China continues to rise on the world stage Qichen offers an inside look at its politics and relationships to other countries helping us understand the past present and future of one of the world s greatest powers *Deng Xiaoping and China's Foreign Policy* Ronald Keith,2017-11-03 Deng Xiaoping is widely acknowledged as the principal architect of China s economic reforms but how far was he also responsible for shaping China s foreign policy which emphasized peace and development This book explores Deng s foreign policy and shows how he established basic principles for China to have a foreign policy which supported economic development which stressed harmony in the world rather than hegemony and which avoided conflict and nurtured a peaceful approach The book outlines how Deng worked to normalize relations with both the United States and the Soviet Union how he was disappointed by the lack of reciprocation by the United States where relations are still portrayed in terms of the China threat and how the principles established by Deng continue to be adhered to Decolonisation in the age of globalisation Chi-kwan Mark,2023-07-25 In the 1980s Britain actively engaged with China in order to promote globalisation and manage Hong Kong s decolonisation Influenced by neoliberalism Margaret Thatcher saw Britain as a global trading nation which was well placed to serve China s reform During the negotiations over Hong Kong s future British diplomats aimed to educate the Chinese in free market capitalism Nevertheless Deng Xiaoping held an alternative vision of globalisation one that privileged sovereignty and socialism over market liberalism and democracy By drawing extensively upon the declassified British archives along with Chinese sources this book explores how Britain and China negotiated for Hong Kong s future and how Anglo Chinese relations flourished after 1984 but suffered a setback as a result of the 1989 Tiananmen Square crackdown This original study argues that Thatcher was a pragmatic neoliberal and the British diplomacy of educating China yielded mixed results **China and the World since 1945** Chi-kwan Mark,2025-04-02 Now in its second edition *China and the World since 1945* offers an accessible introduction to China s foreign policy and diplomatic history across a broad chronology After the century of humiliation China was in constant search of a new identity on the world stage which significantly changed the way the nation defined itself and its role in the world The book traces developments in China s relations with the two superpowers Asian neighbours Third World countries and European powers examining China s role in modern globalization and the international community It also considers the influence of domestic

politics and ideology on China's international relations Fully revised and updated with the latest scholarship the second edition includes a new chapter on China's foreign relations under Xi Jinping's administration including the reassertion of China as a Communist state identification with the Global South and the New Cold War with the United States as both powers grapple for global influence By examining the rise of China from a long term historical perspective this concise yet comprehensive study will be essential to scholars and students of Chinese history and contemporary international relations
