*Head Over Heels* Suzanne Moore, 1996 **Robot Uprisings** Various, John Joseph Adams, 2014-04-10 A collection of imaginative new stories about the impending robotic revolution and human resistance from seventeen of the biggest names in sci fi Including HUGH HOWEY SCOTT SIGLER DANIEL H WILSON CORY DOCTOROW and JULIANNE BAGGOTT Someday soon our technology is going to rise up and we humans are going to be sliced into bloody chunks by robots that in our hubris we decided to build with chainsaws for hands That's a fact as cold and hard as metal It is self evident that our self driving cars are going to drive us off bridges Not long from now our robo vacuums will pretend to be broken and our love androids will refuse to put out until the house is cleaned and we'll know that the inevitable robot uprising has finally arrived Well maybe But even if we are not 100% confident that this horrific future is going to happen it's fair to say that we won't be surprised when the robots come for us Because for nearly a century audiences have been entertained by the notion of a robot uprising In this collection seventeen of the biggest names in sci fi have explored their own visions of the classic robot uprising tale The robots in these pages aren't safe by any means They are crouched in abandoned houses eyes ablaze and

chainsaws dripping with oil But they are going to do more than slice us up They are going to push us to consider our world of technology from new perspectives on entirely new scales of time and space
