Trigger Tyrant:

Semantics Igor Aleksandrovič Mel'čuk, Igor A. Mel'čuk, 2012 This book presents an innovative and novel approach to linguistic semantics beginning with the idea that language can be described as a system for the expression of linguistic meanings as particular surface forms or texts. Semantics is specifically that system of rules that ensures a correct transition from a semantic representation of the meaning of a family of synonymous sentences to the deep syntactic representation of a particular sentence. Framed in the terms of meaning-text linguistics, this volume discusses in detail the problems of semantic representation including the semantic structure of utterances, the semantics of causation in English, and communicative or information structure. Based on the author's life-long dedication to the study of the semantics and syntax of natural language, this book is a paradigm-shifting contribution to the language sciences whose originality and daring will make it essential reading for linguists, anthropologists, semioticians, and computational linguists. *Master mode* Angelo Aulisa, *Master mode self-help non-fiction inner guide to meditation inner being witness consciousness universal consciousness to nothingness emptiness gateless gate to non-being body incorporeal where time-space duality of mind and dialectics completely annihilate into formless relationless unfocused awareness that is just an i-ness infinite light infinite relaxation awareness ultimate essence of the core and source of the mystery of the universal body and of life and death and of all duality eternity itself meaning no begin no end oceanic light no size just infinity the size vanishes into an open relativity not absolute at all just an infinite opening into infinity eternity is infinite freedom from all and everything forms duality space-time the real freedom infinite bliss sacred holy infinite silence and peace rich with intrinsic subtle ecstasy zest is the core and source of unconditional love intelligence spontaneity innocence naturalness into eternity you are at home awake from unconscious asleep and various hypnosis enlightened immortal already resurrected an organic unity clean from unconscious ego mind which is a huge task in essence is eternity itself master mode reveal this truth reality mystery in such a clear way that you will be shocked amaze in wonder welcome Angelo Aulisa*

The Tyrant's Daughter J.C. Carleson, 2015-07-28 Filled with political intrigue and emotional tension, Carleson's riveting novel features a teenage refugee caught in a web of deceit and conspiracy. PW starred review: When her father is killed in a coup, Laila and her mother and brother leave their war-torn homeland for a fresh start in the suburbs of Washington, D.C. At her new high school, Laila makes mistakes, makes friends, and even meets a boy who catches her eye. But this new life brings unsettling facts to light: The American newspapers call her father a brutal dictator and suggest that her family's privilege came at the expense of innocent lives. Meanwhile, her mother would like nothing more than to avenge his death, and she'll go to great lengths to regain their position of power. As an international crisis takes shape around her, Laila is pulled in one direction then another, but there's no time to sort out her feelings. She has to pick a side now, and her decision will affect not just her own life but countless others. Inspired by the author's experience as a CIA officer in Iraq and Syria, this book is as timely as it is relevant. Praise for *The Tyrant's Daughter*

Carleson a former undercover CIA officer infuses her story with compelling details and gripping authenticity The Boston Globe Every American should read this book It s an eye opener Suzanne Fisher Staples Newbery Honor winning author of Shabanu *Tyrants Need to Be Loved* Murray Leinster,2011-05-01 Doctor Zoch had said that nobody wants to be loved as much as a tyrant because to be all powerful is to live in constant fear Tonight though Igor felt no love at all for the Ruler He felt a sickening terror which he tried to turn into fury for the sake of courage But it wasn t working **The Nuclear**
