Understanding Annual Reports:

Understanding Corporate Annual Reports Brian Stanko, Thomas Zeller, 2003-02-25 Annual corporate reports provide a window into a company's strategy for future growth however many financial managers as well as the investing public focus exclusively on corporate earnings and fail to understand all the factors that comprise the earnings computation Understanding Corporate Annual Reports explains the regulatory environment surrounding annual reports providing a detailed review of how to read reports correctly Using Home Depot's annual report as the primary example Brian Stanko and Thomas Zeller's easy to use guide examines a variety of types of financial reports addressing both SEC and FASB regulations Understanding Corporate Annual Reports allows readers to appreciate the complete implications of a corporate annual report

Understanding Financial Management H. Kent Baker, Gary Powell, 2009-02-09 Designed for those who want to gain an understanding of the fundamental concepts and techniques used in financial management An underlying premise of the book is that the objective of the firm is to maximize value or wealth Drawing on a wealth of experience in the academic and professional worlds the authors discuss how firms can accomplish this objective by making appropriate investment and financing decisions Bridging the gap between financial theory and practice the authors present fundamental concepts in an intuitive and nontechnical way and provide numerous practical financial tips to readers The focus is on current practice using results from recent surveys to show the most popular techniques and approaches used by financial managers today A range of instructor's resources are available at the accompanying website Visit www.blackwellpublishing.com/baker for full details

Understanding Financial Reporting Standards: A Non-technical Guide Roger Hussey, Audra Ong, 2023-10-25 If you want to understand the regulations and practices of financial accounting and reporting this is the book for you The authors of this book have developed a unique set of material on corporate financial reporting based on their collective years of teaching experience In this book they explain in non technical language the financial information that companies are required to provide What are companies Why are they formed Companies are not charities but are formed to provide a good income to their shareholders by selling us goods and services Large companies in the UK are mostly known as Public Limited Companies PLCs There are about 2 000 PLCs in the London Stock Exchange But do we understand these companies objectives and activities We can do so by examining the financial information they provide publicly in their annual financial reports To be able to examine the financial statements issued by companies you need to understand the regulations issued by the International Accounting Standards Board IASB This book explains the requirements of Financial Reporting Standards Guidance on the disclosure requirements and examples from companies financial reports are also provided and explained Many of these company names are synonymous with our everyday lives Think about Cadbury Chocolate Unilever Diageo Shell Boots It is difficult to conceive our lives without their products and services The explanation and guidance provided in this book will allow you to understand fully the operations of such companies This is vital knowledge if you intend to do
