Understanding Capitalism Richard D. Wolff, 2025-12-09 Why does capitalism fail us Richard D Wolff walks readers through this pressing question in a brilliant takedown of an economic system that benefits the few at the great expense of the many *Understanding Capitalism* explores the different definitions of what capitalism is and is not and dissolves the many myths that Wolff argues are designed to confuse and disorient us Wolff doesn't simply identify the crises and harms manufactured by capitalism he details a path forward by outlining alternative economic models that combat the exploitation and oppression inherent in capitalism Capitalism oftentimes feels as permanent as the sky above *Understanding Capitalism* shows that our current economic system is only as strong as the ordinary people who enable its existence and that capitalism's demise requires an organized collective effort by those who can identify its vulnerabilities and limitations but also understand that another world is indeed possible

Understanding Marxism Richard D. Wolff, 2025-12-09 Richard D Wolff masterfully explains why Karl Marx's analysis of class struggle is fundamental to a proper understanding of capitalism and explores how to build a more sustainable democratic society Class struggle is everywhere and it influences everything and everyone in our society Marx is the person who first explained this struggle systematically For Marx capitalism signified not the end of history but rather the latest phase of human development that leads ordinary people to rid themselves of all the muck of ages and become fitted to found society anew Marx's theories are deeply prescient and relevant in our efforts to understand and cope with the crises of our time Every day we see more evidence that the capitalist system is both undermining itself and those whose labor it depends on as Marx predicted *Understanding Marxism* is an essential resource for looking at the power and usefulness of Marx's criticism of the capitalist economic system and how we can move beyond it to a truly sustainable and democratic society based on workers self management
