Way Of Sensitive:

The Sensitive Soul Theresa Cheung, 2020-05-15 Have you ever been told to toughen up or stop taking everything so seriously Or do you feel that in a harsh world where the way to get noticed is to shout the loudest your heartfelt approach just doesn't cut it Some of us are born sensitive We live our lives vividly through the lens of emotion and with our senses perpetually on high alert Even those whom others might label insensitive will experience times in their lives when their innate sensitivity is activated and they feel overwhelmed or sense and feel things they can't explain Based on strategies proven to be effective by scientists and psychologists combined with her own research including real stories Theresa Cheung will show you how to unlock the potential of your sensitivity She'll guide you through the steps that will transform the challenges of being a gentle person into a strength and shine a light on how traits such as empathy intuition creativity and compassion have the power to unite us *The Sensitive Soul* is a vital resource for the highly sensitive anyone who has gone through sensitive times or simply longed for the world to be a little kinder This book was previously published as *The Sensitivity Code* Read what everyone is saying about *The Sensitive Soul* Theresa Cheung provides a timely guide for individuals who feel life deeply to take a step back and reflect upon sensitivity and how it fits in the modern world's emotion paradigm It reminded me there are steps I can use in my life to increase my self-care I recommend this book to anyone who wishes to explore sensitivity in themselves or others Goodreads Reviewer 5 stars A thorough explanation of the highly sensitive individual the problems they need to wrestle with in their day-to-day life and their amazing gifts they can deploy at work and at home Once the book talked us through these basic ideas it then moves on to offering solutions to this high sensitivity and to enjoying its pros rather than dealing with its cons *Affair With Psychology* 5 stars I found this book absolutely fascinating As someone who has been told to toughen up a lot I could relate to it so much I really feel like this book has given me some great strategies for both me and my very sensitive 4-year-old son Fantastic and recommended to anyone who feels it could help them Goodreads Reviewer 5 stars Looking at individual case studies really resonated with me It is helpful on many levels from the identifying traits of being sensitive to acknowledging what people have said to you since a child It makes you see the positives of being sensitive instead of the negatives Unlike some psychology books it is very accessible and friendly and non-judgemental Karen Reads and Recommends The aim of *The Sensitive Soul* is to help gentle people recognise their own worth To give them the coping tools to manage emotions and navigate insensitive environments To help sensitive people identify the red flags of toxic relationships It's truly helped me through the past few tricky weeks Thank you Goodreads Reviewer 5 stars **Sensitive** Jenn Granneman, Andre S3lo, 2024-06-11 This important book reframes the way we think about sensitivity our own or someone else's and shines a light on the great power in being highly attuned to the world Susan Cain 1 New York Times bestselling author of *Bittersweet* and *Quiet* A paradigm shifting look at a long undervalued yet hugely beneficial personality trait from the creators of the world's largest community for highly sensitive

people Don't be so sensitive Everyone has a sensitive side but nearly one in three people have the genes to be more sensitive than others both physically and emotionally These are the people who pause before speaking and think before acting they tune in to subtle details and make connections that others miss Whether introverted or extroverted they tend to be bighearted creative and wired to go deep yet society tells them to hide the very sensitivity that makes them this way These are the world's highly sensitive people and Sensitive is the book that champions them From the creators of the world's largest community for sensitive people Sensitive teaches us how to unlock the potential in this undervalued strength and leverage it across the most important areas of our lives friendships and intimate relationships the workplace leadership and parenting Through fascinating research and expert storytelling Jenn Granneman and Andre S lo sensitive people themselves show us that the way to thrive as a sensitive person is not to hide our sensitivity but to embrace it and how to do that in every area of life Weaving together actionable advice relatable anecdotes and the latest scientific research Granneman and S lo demonstrate how leaning into sensitivity unlocks a powerful boost effect to propel us ahead in life They hand us the tools and insights we need to thrive as sensitive people in a loud fast too much world A powerfully validating destigmatizing and practical book Sensitive plants a gently fluttering flag in the ground for sensitive people everywhere This inspiring book has the power to change once and for all how we see sensitive people and how they see themselves
