Armistead Churchill Gordon

Tender Liaison:

Competitive Tendering for Engineering Contracts M. O'C. Horgan, 2021-10-14 First published in 1984 This work is designed to provide for those who often face having to set up engineering contracts a comprehensive text book and source of ready reference by the aid of which they may handle the competitive tendering process without doubt or difficulty Each step is described in chronological sequence with comment on the common pitfalls Comprehensive check lists are included with a detailed alphabetical index to enable a subject to be readily located As a text book it aims to be equally of value to engineers and to others who have recently changed from pure technology to new responsibilities with a more commercial contractual or managerial flavour

'This Anguish, Like a Kind of Intimate Song' L. Leigh Westerfield, 2004-01-01 The romanticized image of the heroic male resistance fighter in World War II belies a truth that is both darker and more personal This literary history explores for the first time the reality of European women's roles in fighting Nazism By comparing the resistance literature of French and German authors both famous and more obscure this innovative book links the traditional gender expectations for women and the conventions of their everyday lives with their unique forms of resistance Theirs was an opposition grounded in the ordinary beyond the sphere of political violence Women were long regarded as outsiders to combat and politics with no stake in upholding resistance myths Women authors therefore freely rendered the personal and moral landscape of the resister's world in a new vocabulary They revised standard rhetoric and replaced heroism and bullets with the values of home human relationships and candid acknowledgement of the sorrow fear and uncertainty of war A groundbreaking study for students of European history women's studies peace studies or comparative literature this volume is also accessible to a general audience interested in the role of women in World War II
