Tricks Twentyfive Encounters:

Tricks Renaud Camus,1996 This is a collection of 25 tales of sexual encounters celebrating a type of sexual energy and freedom that has been lost to gay men since the AIDS epidemic began *Promiscuity in Western Literature* Peter Stoneley,2020-02-13 Poet and novelist Charles Bukowski described promiscuity as feast and feast and feast The promiscuous person is having fun getting away with it and showing no signs of stopping More often though promiscuity has been seen as demonic as the sign of an uncivilised race or as a symptom of mental disorder Promiscuity in Western Literature capitalises on the fact that literature gives us deep and varied resources for reflecting on this controversial aspect of human behaviour Drawing on authors from Homer to Margaret Atwood it explores recurrent ideas and scenarios Why does the literature of promiscuity evoke ideas of the animal Why does it so often turn upon the image of the excessive woman How and why does promiscuity feature in comic writing How does the emergence of the modern city change representations of promiscuity And in the present day what impact have ecological concerns had on the way writers depict promiscuity **Writing the Modern City** Sarah Edwards,Jonathan Charley,2012-03-12 Literary texts and buildings have always represented space narrated cultural and political values and functioned as sites of personal and collective identity In the twentieth century new forms of narrative have represented cultural modernity political idealism and architectural innovation Writing the Modern City explores the diverse and fascinating relationships between literature architecture and modernity and considers how they have shaped the world today This collection of thirteen original essays examines the ways in which literature and architecture have shaped a range of recognisably modern identities It focuses on the cultural connections between prose narratives the novel short stories autobiography crime and science fiction and a range of urban environments from the city apartment and river to the colonial house and the utopian city It explores how the themes of memory nation and identity have been represented in both literary and architectural works in the aftermath of early twentieth century conflict how the cultural movements of modernism and postmodernism have affected notions of canonicity and genre in the creation of books and buildings and how and why literary and architectural narratives are influenced by each other s formal properties and styles The book breaks new ground in its exclusive focus on modern narrative and urban space The essays examine texts and spaces that have both unsettled traditional definitions of literature and architecture and reflected and shaped modern identities sexual domestic professional and national It is essential reading for students and researchers of literature cultural studies cultural geography art history and architectural history **Culture, Society and Sexuality** Richard Guy Parker,Peter Aggleton,1999 This work offers an introduction to the central debates in sexuality research Among the issues examined are the social and cultural dimensions of sex human sexuality and sex research *Culture, Society And Sexuality* Peter Aggleton,Richard Parker,2002-01-04 Since the beginnings of time people have been interested in sex the form it takes the pleasure it can give the circumstances in which it occurs and what it means both for the individuals concerned and to

society more generally Often seen as a synonym for love sometimes as an expression of power and infrequently as a means of exploitation and abuse sex is a complex and multi faceted aspect of human behaviour that has been written about by numerous writers and theorists worldwide This book offers an introduction to the central debates in sexuality research Among the issues examined are the social and cultural dimensions of sex human sexuality and sex research It will be of use to students of sociology cultural studies and health and behavioural studies Forthcoming Books Rose Army,1996-06

Sexualities: Sexualities and their futures Kenneth Plummer,2002 Volume 3 Difference and Diversity of Sexualities This section examines the politics power and critique of sexual catergories including bisexuality sex addiction prostitution and sadomasochism *Encounter* ,1978 **Paragraph** ,2003 *Christopher Street* Charles Ortleb,1980 **Espying Changes and Issues** John Michael Clark,1989 **The Time of AIDS** Gilbert Herdt,Shirley Lindenbaum,1992-01-29 The widespread tragedy of the AIDS epidemic is forcing social scientists to change the way they think about and study subgroups within the majority culture How is the concept of culture relevant to the study of AIDS How can social science methods be used to uncover the epidemiology of this deadly disease And how can social scientists deploy what they learn to help solve the problems posed by AIDS The Time of AIDS explores and provides provocative insights on these three critical issues By examining research conducted with various cultural groups and in different countries the authors offer insight on how to identify the distinct way different communities respond to the threat of this disease These studies demonstrate that a single theory and method will not capture the importance of the AIDS epidemic but a close look at the culture and psychology of a society can inspire more effective ways of education intervention and arrest of the transmission of the virus Researchers and practitioners in anthropology psychology sociology and nursing will benefit from this enlightening volume **Male Homosexuality in Literature** ,1980 *Beyond the Lavender Lexicon* William Leap,1995 In this collection of essays a group of linguists and social scientists examines specific instances of language use and centers its analysis around the speakers writers and their contributions to message exchange within a setting These prominent scholars create a basis for a bold exploration of homosexual dialogue as an independently developed linguistic construction by arguing in support of distinctively constructed lesbian and gay languages *Here is Queer* Peter Dickinson,1999 **The AIDS Reader** Nancy F. McKenzie,1991 **The Male Homosexual in Literature** Ian Young,1982 **Liberation & Disillusionment** John Michael Clark,1987 Subject Catalog, 1982 Library of Congress,1982 National Union Catalog , Includes entries for maps and atlases
