Takeout For Two:

2/1 Game Force System Neil H. Timm PhD, 2020-10-27 The 2 1 Game Force System is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 System is that it allows the partnership to know that game is possible with only an initial single bid This book is about bridge that incorporates conventions that allow partnership s to reach game or slam In this regard I have incorporated modern methods for hand evaluation developed by Marty Bergen called the ADJUST 3 Method and Zar points new bidding conventions like SARS Shape Asking Relays after Stayman and Quest transfers and an overview of Bridge Rules and Laws that I hope will improve your approach to the bidding structure you may use today Also included is the bidding structure are Bergen Reverse Bergen and Combined Bergen major suit raises inverted minor suit raises with crisscross and flip flop cue bidding modified scroll bids and many more methods not used in Standard American or Precision The bidding conventions in the previous editions have been enhanced corrected expanded upon and reorganized with new ones added Given the release of the new ACBL convention charts the chapter with the modifications to Fantunes in my prior edition is no longer needed Fantunes may now be played using the Open Convention Chart The Mid chart no longer exists Hence I have deleted the chapter and replaced it with a new chapter on Bridge Tips and Agreements New conventions include a Modern Splinter Bidding Convention the Zirconia Convention Unusual 2 level bids Jump Transfer bids a new Two Way Check back Convention 1430 Modified Jacoby 2NT additional Bridge Rules with more examples Four Way Transfers with the range ask bid and more are included in this edition Also included is an update of the Minorwood and the Roman Keycard Blackwood Conventions Two Way New Minor Forcing with modified Wolff Signoff bids and new bidding sequences using Mini Weak Notrump The topic of Offense to Defense Ratio ODR is included in this revision as well as expanded bidding sequences when opening and responding to the bid of 2 playing the 2 1 Game Force System and many new Bridge Rules have been added to Chapter 10 A copy of this book is on the web site www.bridgewebs.com ocala A hard copy is available from the publisher or from Amazon com search on neil timm

The Optimal Modified 2/1-Club System Neil H. Timm Ph.D., 2022-03-23 My goal for The Modified Optimal 2 1 Club System is to show how to use the Optimal Point Count OPC method of hand evaluation developed by Patrick Darricades in his book Optimal Hand Evaluation 2019 to improve the dialogue between two players to achieve an optimal bridge contract The primary objective is to demonstrate how to apply the new system approach to contract bridge by illustrating a more accurate method of hand evaluation whether you play 2 1 Standard American SA Acol or Precision among others The Two over One 2 1 Game Force bidding system was an improvement over the SA System that has been in effect and played by bridge players for many years Many claim that the advantage of the 2 1 system allows the partnership to know that game is possible with only a single bid provided one has 13 points As we shall see for suit contracts it is only true if the opening 2 1 bidder has 15 points not 12 13 points since 25 26 points do not result in game whenever a singleton in one hand

finds wasted honor points in partner's hand Yet most 2-1 conventions call for 13 High Card Points HCP Another flaw of the 2-1 approach is the fact that opening 1-level suit bids have a wide bidding range 12-21 To eliminate this flaw the principles of Pinpoint Precision with 1-18 points and new responses associated with a new and improved hand evaluation method A major flaw of most Strong Club opening bids is that they are based solely on HCPs with opening bids of 16-17 HCP To correct these flaws among others the search for a better hand evaluation method and a better bidding system has been unremitting Hand evaluation methods have been popularized by Milton Work Charles Goren Marty Bergen and Petkoy Zar and others All falling short when applied to the commonly used dialogue bidding systems The Optimal Point Count OPC method of hand evaluation corrects the many flaws of prior hand evaluation methods when applied to any bidding system In this book many traditional standard bidding practices that do not help to show suit fit and distribution are to be avoided or re-defined Splinters and mini splinters which show the location of voids and singletons to help locate wasted honors the XYZ bidding convention cue bidding and new bids for the investigation of game and slam are among the cornerstone conventions reviewed in this book Newly defined 2 and 3 level bids to show hands with 6-7 card suits are defined to prevent the opponents from finding their optimal contract and to improve upon difficult bidding sequences using traditional bidding strategies The evaluation of one's Offense to Defense Ratio ODR why many well known bidding sequences must be avoided and an analysis of several old standard bridge laws rules are reviewed to show why they need not be used to improve one's judgement if one employs the OPC method

Bridge Bidding Nicolae Sfetcu, 2014-05-13 This e-book presents some of the most important bridge bidding systems used in duplicate bridge tournaments detailing the most known bridge bidding system Standard American Yellow Card by using a logical sequential order for openings answers competitive bids and defensive play in order to help the players during the games Much of the complexity in bridge arises from the difficulty of arriving at a good final contract in the auction A bidding system in contract bridge is the set of agreements and understandings assigned to calls and sequences of calls used by a partnership and includes a full description of the meaning of each treatment and convention Standard American Yellow Card is a specific set of partnership agreements and conventions using Standard American as a base Standard American Yellow Card is a very specific collection of agreements which can of course be modified and augmented by partnership agreement In practical use the term is often misused to refer to Standard American in general or it could refer to a system that used SAYC as a base and made additional augmentations or changes to the base agreements
