Beamish, 2008 TRANSNATIONAL MANAGEMENT focuses on the management challenges associated with developing strategies and managing the operations of companies whose activities stretch across national boundaries. The purpose of this book is to provide a conceptual framework of the interplay between the multinational corporation, the countries in which it does business, and the competitive environment in which it operates. This research book represents an eclectic collection of latest research articles and empirical studies conducted in different parts of the world on corporate strategy, including usually neglected countries of study such as Germany, Turkey, Greece, and Spain. This research book contains over twenty research papers examining various aspects of corporate strategy in different national and international settings. **The Strategy Process** Henry Mintzberg, Joseph Lampel, James Brian Quinn, 2003. For graduate-level courses in Strategic Management, Business Policy, and Organizational Theory. With the goal of offering students something unique from other texts, this collection of readings, edited by Henry Mintzberg, is combined with cases from Quinn, Lampel, and Ghoshal. Together, they present an up-to-date look at how actual companies act strategically and organize themselves. The authors provide the reader with a richness of theory, a richness of practice, and a strong basis for linkage between the two. Combining the case study approach with theory provides the accumulated benefits of many years of careful research and thought about management processes and emphasizes the authors' belief that in this complex world of organizations, a range of concepts is needed to cut through and illuminate particular aspects of that complexity.
