Adrian Frutiger - Typefaces Heidrun Osterer,Philipp Stamm,2014-05-08 The international creation of typefaces after 1950 was decisively influenced by the Swiss type designer Adrian Frutiger His Univers typeface and the machine readable font OCR B which was adopted as an ISO standard are milestones as is his type for the Paris airports which set new standards for signage types and evolved into the Frutiger typeface With his corporate types he helped to define the public profiles of companies such as the Japanese Shiseido line of cosmetics In all he created some fifty types including Ondine M ridien Avenir and Vectora Based on conversations with Frutiger himself and on extensive research in France England

Germany and Switzerland this publication provides a highly detailed and accurate account of the type designer's artistic development All of his types from the design phase to the marketing stage are illustrated and analyzed with reference to the technology and related types Hitherto unpublished types that were never realized and more than one hundred logos complete the picture This second revised and expanded study edition which now has an index makes Frutiger's achievement even more accessible

Postscript Typeface Library Tony Esposito, Jean Callan King, 1994 Together at last in these two volumes are over 4 000 computer fonts for all users of type today graphic designers typesetters type manufacturers and students This encyclopedia of typefaces presents a comprehensive visual identification specification and comparison guide for the thousands of computer electronic fonts now available Volume 1 includes Serif and Scripts typefaces Volume 2 contains Sans Serif Design Outline and Shadow typefaces

Creative Type Cees W. de Jong, Alston W. Purvis, Friedrich Friedl, 2005

Language Culture Type John D. (ed.). Berry, 2002 Language Culture Type grew out of the first international type design competition the 2001 bukva raz whose goal was to promote global cultural pluralism interaction and diversity in typographic communications The book lavishly presents the winning entries along with information about each typeface its language and its designer A series of essays gives context for the interplay of types and languages in the world today including the attempt to mesh all existing scripts into a single digital encoding system called Unicode It also delves into the specific issues around developing typefaces for the many linguistic cultures in the world from the various Cyrillic letterforms to Vietnam's ancient ideographic script
