Manpower Services Commission,1993 **The Job Hunters Handbook** Albert Locke,2017-02-13 Need A Job How to Find and Win Your Dream Job With The Job Hunter s HandbookIt s really true isn t it They say it s really easy to get a job when you re already working and don t need one When you are unemployed however and trying to live on the meager unemployment checks it can get real scary real fast The checks won t cover a house payment or rent let alone utilities and minor details like food for your kids What s a person supposed to do What happened Somewhere between the great depression and the information age job hunting wasn t the stressful task it is today A guy like your Dad or your grandfather worked the same job clear up to retirement After putting in his 20 30 or 40 years his boss would give him a gold watch and a pension for his faithful years of service Sadly that is no longer the case Every day we see more and more jobs being eroded by more technology or actually re assigning your position to someone half way across the world Instead of planning on putting in your time then enjoying the fruits of your labor you are lucky if the job lasts more than a year or so before you get the pink slip that tells you that the

company is re aligning their resources and your position is being eliminated The problem is that this will hit most people when they least expect it and this process repeats itself every single day across the country So what can you do about it One of the first things you should do is become pro active instead of reactive The decision to eliminate your job or lay you off wasn t made in a day It s the result of a process You just aren t told about it until it s too late leaving you in a bind We aren t saying that you should not be loyal to your employer just never have all your eggs in one basket Learn how the job hunting process works today and always have a back up plan in place Yes have a plan in place That old adage we mentioned in the first sentence is true it s really easy to get a job when you re already working and don t need one It s a hunt know your prey Remain on top of the current market trends that affect your company s industry Keep your ear to the ground for rumors or innuendo and be ready to go to Plan B at a moments notice Grab your copy of The Job Hunter s Handbook and follow all the instructions Do this and you can avoid a lengthy period of unemployment Actually put yourself in the position of always anticipating a worse case scenario Do this and you will avoid stress knowing full well that a new job is just a few days away That s the problem with most employment issues People just wait around for the axe to fall and then they have to become re active because they don t have a clue where to begin When laid off the first place most people go is to the classified section of their newspaper That may be okay but there is so much more that can be done The Job Hunter s Handbook will show you How to identify your skill set How to hunt for a job Define your objective Prepare a professional resume 7 Steps to improve interviewing skills How to use networking to accomplish your task Job seeker FAQs Thinking outside of the box Finding a job should not create a stressful environment The Job Hunter s Handbook will be there to help you if you do lose your job but better yet use it to keep yourself in a pro active mode so you can immediately put the principles to work when the axe falls The peace of mind is well worth the few bucks to be prepared Happy hunting Tag job hunt book job hunter s workbook job hunters survival guide job hunting job hunting for dummies job hunting for the so called handicapped job hunting handbook job hunting in 2017 job hunting online job hunting over 50 job hunting posters [The Job Hunting Handbook, Includes the Job Outlook to 2008](#) , **JOB HUNTING HANDBOOK** CLARE.
