Experiencing the Shepherd of Hermas Angela Kim Harkins,Harry O. Maier,2022-06-06 The Shepherd of Hermas is one of the oldest and most well attested Christian works Its popularity arguably exceeded that of the canonical Gospels Many early Christian thinkers regarded the Shepherd as authoritative and cited it in their own writings even though its status as Scripture was controversial The far reaching influence of the Shepherd during the first few centuries is attested in part by the many languages in which it was copied Latin Ethiopic Coptic Middle Persian and Georgian The early dating and wide dissemination of the Shepherd of Hermas offers us access to a period when canonical boundaries were elastic This volume treats religious experience in the Shepherd a topic that has received little scholarly attention It complements a growing body of literature that explores the text from social historical perspectives Leading scholars approach it from a variety of interdisciplinary perspectives including critical literary theory anthropology cognitive science affect theory gender studies intersectionality and text reception In doing so they pose fresh questions to one of the most widely read texts in the early church offering new insights to scholars and students alike

Now Concerning Spiritual Things Fitzroy John Willis,2019-11-13 In a pluralistic world of competing truth claims how can one discern what is truly representative of God How can we live and communicate what is authentically spiritual How do we bridge the religious impasse between believers and a post Christendom and pluralistic context where individuals may consider themselves to be spiritual yet are offended by the person of Jesus Can relativism be an effective means of evaluating truth from falsehood What role should race gender and socioeconomic background play in society and the church These are just a few of the questions this study addresses in presenting a more balanced dialogical and biblical criterion for authentic spirituality The insights on how to discern live and communicate what is authentically spiritual are significant for interreligious and ecumenical dialogue across denominations These insights contribute a way to more effectively communicate divine truths to all for it is conversant with various sources of knowledge about God and is accountable to feedback from these sources of truth For example tacit knowledge such as that derived from faith and spiritual gifts as well as rational or philosophical claims to truth along with Western Eastern and Southern modes of thinking are all incorporated
