

NEEDED UNSPOKEN PRAYER REQUEST

“Everlasting God,

I bring this unspecified prayer request before You, for You are the Most High. Lord, You know what happens in everyone’s life even when we don’t speak it out.

Today, may You intervene in everyone’s unsaid supplication and restore their happiness.

Remind them that Your Holy Spirit is always by their side in whatever concern this is not any different. May You surround them with Your angels in this difficult moment so they may not feel overwhelmed.

Thank You, God.

Amen”

An Emotional History of the United States Peter N. Stearns, Jan Lewis, 1998 Emotions lie at our very core as human beings How we process and grapple with our emotions how and what we emote and how we respond to the emotions of others constitute the essence of our social universe In a very real sense we exist only through the prism of our emotions And yet the profound effect of human emotion on history politics religion and culture remains underexamined While the influence of emotion in such realms as American foreign policy has been well documented other emotional aspects of American history have escaped notice What role for instance does emotion have in the practice of African American religion How do shame and self hatred influence American conceptions of identity How does our emotional life change as we age To what degree is American consumerism driven by basic human emotion With this landmark anthology historians Peter N Stearns and Jan Lewis provide a road map of the American emotional landscape From the emotional world of working class Massachusetts to the prayers of evangelical and pentecostal women and the gendered nature of black rage these essays provide a multicultural snapshot of the unique nature and evolution of American emotions
