Worldwar In The Balance:

Worldwar: In/Tilting the Balance Harry Turtledove,2002-01-15 At the height of World War II lizard like extraterrestrials arrive on Earth determined to conquer the planet and American British German and Russian forces begin fighting a whole new battle

Worldwar Harry Turtledove,1995 NO ONE COULD STOP THEM NOT STALIN NOT TOGO NOT CHURCHILL NOT ROOSEVELT The invaders had cut the United States virtually in half at the Mississippi vaporized Washington D C devastated much of Europe and held large parts of the Soviet Union under their thumb But humanity would not give up so easily The new world allies were ruthless at finding their foe s weaknesses and exploiting them Whether delivering supplies in tiny biplanes to partisans across the vast steppes of Russia working furiously to understand the enemy s captured radar in England or battling house to house on the streets of Chicago humankind would never give up Yet no one could say when the hellish inferno of death would stop being a war of conquest and turn into a war of survival the very survival of the planet

From the Paperback edition **In the Balance (Worldwar, Book One)** Harry Turtledove,1994-12-28 Suppose Roosevelt Stalin Churchill Hitler and Hirohito had united to conquer an even greater foe No one could top their power not the Germans not the Japanese not the Russians not the United States From Pearl Harbor to panzers rolling through Paris to the Siege of Leningrad and the Battle of Midway war seethed across the planet as flames of destruction rose higher and hotter And then suddenly the real enemy came The invaders seemed unstoppable their technology far beyond human reach And never before had men been more divided For Jew to unite with Nazi American with Japanese and Russian with German was unthinkable But the alternative was even worse As the fate of the world hung in the balance slowly painfully humankind took up the shocking challenge

Worldwar Harry Turtledove,1994 Tilting the Balance (Worldwar, Book Two) Harry Turtledove,1995-12-30 While Stalin Churchill Roosevelt and Togo worked out their strategy the war against an even greater enemy continued They cut the United States in two They devastated much of Europe They had a ferocious agenda And no one could stop them World War II screeched to a halt as the Russians Germans Americans and Japanese scrambled to meet an even deadlier foe In Warsaw Jews welcomed the invaders as liberators only to be cruelly disillusioned In China the Communist guerrillas used every trick they knew In America Washington D C was vaporized in a matter of seconds But humanity would not give up whether delivering supplies in tiny biplanes to partisans across the vast steppes of Russia working furiously to understand the enemy s captured radar in England or battling house to house on the streets of Chicago As Turtledove s global saga of alternate history continues humanity grows more resourceful even as the menace worsens No one could say when the hellish inferno of death would stop being a war of conquest and turn into a war of survival a war for the survival of the planet

Worldwar Harry Turtledove,1996 WORLDWAR BOOK 4 At the bloody height of World War II the deadliest enemies in all of human history were forced to put aside their hatreds and unite against an even fiercer foe a seemingly invincible power bent on world domination With awesome technology the aggressors swept across the planet

sowing destruction as Tokyo Berlin and Washington D C were A bombed into submission Russia Nazi Germany Japan and the U S were not easily cowed however With cunning and incredible daring they pressed every advantage against the invader s superior strength and led by Stalin began to detonate their own atom bombs in retaliation City after city explodes in radioactive firestorms and fears grow as the worldwide resources disappear will there be any world left for the invaders to conquer or for the uneasy allies to defend While Mao Tse tung wages a desperate guerrilla war and Hitler drives his country toward self destruction United States forces frantically try to stop the enemy s push from coast to coast Yet in this battle to stave off world domination unless the once great military powers take the risk of annihilating the human race they ll risk losing the war The fatal final deadline arrives in Harry Turtledove s grand smashing finale to the Worldwar series as uneasy allies desperately seek a way out of a no win no survival situation a way to live free in a world that may soon be bombed into atomic oblivion
