Yin Fire:

The Treatment of Modern Western Medical Diseases with Chinese Medicine Bob Flaws, Philippe Sionneau, 2001

This book is a textbook and clinical manual on the treatment of modern Western medical diseases with Chinese medicine. By modern Western medical diseases we mean all the disease categories of Western medicine excluding gynecology and pediatrics. By Chinese medicine we mean standard contemporary professional Chinese medicine as taught at the two dozen provincial Chinese medical colleges in the People's Republic of China. The two main therapeutic modalities used in the practice of this style of Chinese medicine are acupuncture, moxibustion, and the internal administration of multi-ingredient Chinese medicinal formulas. Treatment plans for each disease discussed herein are given for each of these two main modalities.

Li Dong-yuan's Treatise on the Spleen & Stomach Bob Flaws, 1993. This is a translation and annotation of Li Dong-yuan's *Pi Wei Lun* by Bob Flaws. With so much new research in China on the ideas and formulas of Li Dong-yuan, we feel this book is one of the most important pre-modern texts in Chinese medicine for 21st-century clinicians. Bob has undertaken the task of a fresh translation of this book this time including detailed commentary, relevant case histories, and random clinical trial reports for each chapter.

Fire and Ignis Fatui in China and Japan Marinus Willem de Visser, 1914

Classical Five Element Chinese Astrology Made Easy David Twicken, 2000 易经入门, 2003. First published in 1593, this encyclopedia of China's ancient civilization consists of information ranging from medicine, mineralogy, botany, zoology, and natural science. The collaboration on this project took Foreign Language Press a number of years, in particular translating difficult sections such as history, culture, and science, which have never been translated into any language before. In addition, in trying to stay true to the original text, this volume also includes notes with modern scientific research in mind.

Clinical Introduction to Medical Acupuncture Steven K.H. Aung, William Pai-Dei Chen, 2011-01-01. An introduction to the theory and practice of acupuncture. This introductory text presents a systematized and in-depth clinical approach to medical acupuncture. Covering basic concepts in anatomy, physiology, and pathology, *Clinical Introduction to Medical Acupuncture* will give practitioners the confidence to apply acupuncture and ancillary techniques such as needling, moxibustion, cupping, and electroacupuncture to treat a wide range of acute and chronic diseases and conditions. Features: Succinct descriptions of theory and points; Tips on using anatomical landmarks to ensure precise point localization; Clinical pearls on how to apply techniques for common conditions; Clear illustrations and comprehensive tables that synthesize key information on indications, acupuncture points, and treatment plans, ideal for quick review and reference; Short self-study quizzes for each topic and a comprehensive final exam that help the practitioner identify areas requiring additional study; Discussion of the importance of self-care and cultivation, Qi Gong, and other techniques to enhance healing. This book will benefit not only acupuncturists and complementary medicine practitioners but also Western medical practitioners in family medicine, physical and rehabilitation medicine, pain medicine, neurology, oncology, rheumatology, gynecology, dentistry, and other specialties.

Practitioners studying for certification and licensing exams in medical acupuncture will also find this book an indispensable tool

Astrology and Your Destiny Sally Morningstar, Richard Craze, Staci Mendoza, David Bourne, 2004-01-30 This intriguing book brings together the most time honored arts of prediction moon magic astrology both Chinese and Western interpretations and palmistry and explains them in a simple to understand way

Lun-heng ...: Miscellaneous essays on Wang Ch'ung Chong Wang, 1911

Mitteilungen der Ausland-Hochschule an der Universität Berlin, 1911

Acupuncture in the Treatment of Depression Rosa N. Schnyer, 2001 This pioneering book unites both western and traditional Chinese medicine to present a step by step methodology for evaluating and treating depression with acupuncture Using research oriented trials it addresses fundamental issues in acupuncture research and offers guidelines for the design of acupuncture treatment studies

Journal of the West China Border Research Society, 1923
