## **Worlds Shells:**

A World in a Shell Thom van Dooren, 2023-10-17 Following the trails of Hawai i s snails to explore the simultaneously biological and cultural significance of extinction In this time of extinctions the humble snail rarely gets a mention And yet snails are disappearing faster than any other species In A World in a Shell Thom van Dooren offers a collection of snail stories from Hawai i once home to more than 750 species of land snails almost two thirds of which are now gone Following snail trails through forests laboratories museums and even a military training facility and meeting with scientists and Native Hawaiians van Dooren explores ongoing processes of ecological and cultural loss as they are woven through with possibilities for hope care mourning and resilience Van Dooren recounts the fascinating history of snail decline in the Hawaiian Islands from deforestation for agriculture timber and more through the nineteenth century shell collecting mania of missionary settlers and on to the contemporary impacts of introduced predators Along the way he asks how both snail loss and conservation efforts have been tangled up with larger processes of colonization militarization and globalization These snail stories provide a potent window into ongoing global process of environmental and cultural change including the largely unnoticed disappearance of countless snails insects and other less charismatic species Ultimately van Dooren seeks to cultivate a sense of wonder and appreciation for our damaged planet revealing the world of possibilities and relationships that lies coiled within a snail s shell

**The Path of Kabbalah** Michael Laitman, Rav Michael Laitman, 2005-01-01 Kabbalists state that there is no reality at all but something called His Essence the Upper Force and this is what we perceive as our world As uncanny as it sounds this notion hides in its wings the very prospect of freedom for every person for every nation and for the entire world The structure and the perception of reality are the surface of this book But the story of humanity or more accurately of the human soul is the undercurrent that drives the reader forward in this book It is about you about me about all of us This book is about the way we were the way we are the way we will be and most importantly it is about the best way to get there In this neatly structured composition every part speaks of a different aspect of Kabbalah It starts with our perception of reality our perception of the Creator and the evolution of our soul in the spiritual worlds including explanatory drawings The book also clears up misconceptions about Kabbalah and explains in plain words how to experience the spiritual realm of our lives
