## **Sport In Cuba:**

*Sport in Cuba* Paula J. Pettavino, GERALYN PYE, 1994-09-15 No aspect of Cuban life more clearly epitomizes their government's emphasis on image building and individual participation than the system of physical culture and competitive athletics. Indeed, the Cuban record in international athletics is the most universally recognized success of the communist revolution, as indicated by the Cuban arrival in the 1972 Olympics and the 1991 Pan American Games when Cuba beat the United States in the gold medal tally dominating boxing, baseball, and winning the marathon. The fruits of the Cuban sports system were again in evidence at the Barcelona Olympics of 1992 despite the severe deprivation caused by the collapse of the island's socialist allies. In spite of the obvious success and political importance of sport in Cuba, very little has been written on the subject. *Sport in Cuba* closes this gap. In the first major study on the Cuban system of sports and physical culture, Paula J. Pettavino and GERALYN PYE analyze how sports was given such a high priority in Cuba, how the country became a world power by the mid 1970s, and the impact of sports on Cuban society. Moving from the early days when the government's approach to sports was loosely defined through the construction of a complex system of physical culture to the current years of uncertainty, *Sport in Cuba* utilizes both archival sources and personal interviews. It will be of interest to Latin Americanists and students of sports. *Sport in Latin America and the Caribbean* Joseph L. Arbena, David G.

LaFrance, 2002-05-01 *Sport in Latin America and the Caribbean* is the most comprehensive overview to date of the development of modern sports in Latin America. This new book illustrates how and why sport has become a central part of the political, economic, and social life of the region and the repercussions of its role. This highly readable volume is composed of articles on a wide variety of sports: basketball, baseball, volleyball, cricket, soccer, and equestrian events in countries and regions throughout Latin America, including Mexico, the Caribbean, Costa Rica, Peru, Brazil, Cuba, Nicaragua, and the Dominican Republic. Broad in scope, this volume explores the definition of modern sport, whether sport is enslaving, liberating, or neutral; if sport reflects or challenges dominant culture; the attributes and drawbacks of professional versus amateur sport; and the difference between sport in capitalist and socialist nations. Other subjects that are addressed as they pertain to modern sport include diffusion and globalization, internationalization, hegemony, dependency, and nationalism; politics and the state; culture, ethnicity, and race; economic class; gender; commercialization; modernization and professionalization; health; morality; crime; and vice; economics and labor; productivity and the media. **Routledge Handbook of Sport for Development and Peace**
