Spots Little Of Fun:

Pick Your Spot: A Small-Town Romance Jemi Fraser,2025-04-15 Inheriting an apple farm wasn't on Knox's Bingo card. This military veteran hasn't found his place in civilian life. Running an orchard intrigues him as does uncovering the family secrets behind the inheritance. When he meets the woman behind recent improvements on the farm, he knows he's all in. But someone wants to upset the apple cart, and if Knox can't figure it out, he might lose it all. Pick Your Spot is the first book in Jemi Fraser's Heroes To The Core romance series. Each of these small town romances can be read as a stand alone, although they are best enjoyed in order. The book contains a touch of danger, some strong language, and sexy times. Enjoy the read.

Mark,2003-09-02 This book fulfills a keenly felt need for a modern comprehensive dictionary of Scottish Gaelic into English. The numerous examples of usage and idiom in this work have been modelled on examples culled from modern literature and encompass many registers ranging from modern colloquial speech to more elaborate literary constructions. The main contemporary terms and idiomatic phraseology often not available in other dictionaries provide excellent models for easier language learning. In addition to the main dictionary, the volume contains introductory material providing guidance on using the dictionary, spelling and pronunciation. There are also twelve useful appendices which cover not only the various parts of speech, lenition and proper nouns, but also address the more difficult issues of expressing time, direction and numerals. The clarity of the design and layout of the volume will greatly ease the process of attaining mastery of the Gaelic language. *The God Spot* Dean Briggs,1999-06-04 On the edge of the most shocking medical discovery of the last 2000 years, neurosurgery resident Hank Blackaby has no idea the chain of events he is about to unleash or the peril he faces. Pulled from today's research and tomorrow's headlines, Dean Briggs' scientific thriller weaves espionage, genetic research, and murder into a riveting, unforgettable tale.
