**Metacognitive Approaches to Developing Oracy** Roy Evans,Deborah Jones,2013-09-13 The acquisition of speech and language represent significant achievements for all children These aspects of child development have received substantial attention in the research literature and a considerable body of theoretical knowledge exists to chart progress from infancy to maturity Cross cultural studies have identified the common purposes served by the acquisition of oral language by children and the essential similarity in the sequence through which speech develops irrespective of geography and culture What is less clear is precisely how children learn to say what they

mean and how teachers and parents can support and enhance the development of meaningful speech in their children Until now children s speech has been underused as a means of promoting learning in the formal school setting New requirements within the National Curriculum are trying to address this gap but there remains a lack of clarity as to what this means for practice and how it relates to the broad base of curricular objectives This book brings together a body of work from different countries it offers an improved understanding of how strategies for developing speaking and listening may impact metacognitive awareness and raise standards of literacy and dialogic thinking for all children This book was previously published as a special issue of Early Child Development and Care

*Unlocking Speaking and Listening* Pamela Hodson,2011-10-07 Speaking and listening are key elements of the primary English National Curriculum they are also fundamental to children s language development and learning The need for teachers to develop children s talk in its own right and also to use talk as a means of learning is central to effective primary practice yet it is an area in which teachers often have little confidence Now in a fully revised and updated edition *Unlocking Speaking and Listening* aims to address a recognised need by tackling key issues surrounding speaking and listening with rigour depth and a strong focus on research The contributors offer creative and practical advice on teaching speaking and listening from the early years through Key Stages 1 and 2 underpinned by theory into the approach Significant interrelated and areas covered include Drama and storytelling Working with EAL children Gifted and talented pupils Special educational needs Using ICT With contributions from experts in the field this book is a vital resource to help both trainee and practising primary teachers understand and promote the importance of speaking and listening as an effective tool for learning across the primary curriculum
