**Genre of the Romantic Cycle** David Ferris,2000 This new study draws on analysis literary criticism and source studies to  
propose a new conception of the nineteenth century romantic cycle Rather than a unified whole the cycle is seen as a

in musical terms      The Juilliard Review ,1958      *Adrian College Bulletin Collection* Adrian College (Adrian, Mich.),1913

**Chopin's Piano** Paul Kildea,2018-08-14 An exceptionally fine book erudite digressive urbane and deeply moving Wall  
Street Journal Chopin s Piano traces the history of Fr d ric Chopin s twenty four Preludes through the instruments on which  
they were played the pianists who interpreted them and the traditions they came to represent Yet it begins and ends with  
Chopin s Mallorquin pianino which the great keyboard player Wanda Landowska rescued from an abandoned monastery at  
Valldemossa in 1913 and which assumed an astonishing cultural potency during the Second World War as it became for the  
Nazis a symbol of the man and music they were determined to appropriate as their own In scintillating prose and with an eye  
for exquisite detail Paul Kildea beautifully interweaves these narratives which comprise a journey through musical  
Romanticism one that illuminates how art is transmitted interpreted and appropriated over the ages      **The M. Steinert**

**Piano Music** Paul Bertagnolli,2024-09-10 Edward MacDowell s European Piano Music is a critical study of the piano music  
that MacDowell composed during his European sojourn 1876 1888 steeped in reception history and with a special emphasis  
of programmaticism The book expands current knowledge of MacDowell s childhood in four of the chapters based on his  
previously uninvestigated sheet music collection thereby achieving a better balance among the stages of MacDowell s life  
than is evident in most books of the life and works variety Prolific contemporaneous music criticism meticulously preserved  
in MacDowell s scrapbooks is likewise undervalued in the MacDowell literature but it furnishes penetrating observations  
about the expressive and programmatic content of numerous compositions especially as it was revealed to critics when  
MacDowell performed his own works Lastly the book offers explanations for why MacDowell immersed himself in European  
culture for decades and then at a crucial juncture in his career embraced diverse American heritages and worked toward a

conception of a pluralistic music that was American in a creative sense The book s content and methodology would appeal most directly to specialists within the broad fields of musicology and music theory particularly within American art music and its composers nineteenth century music program music reception history and piano literature The Pianist's Resource Guide Joseph Rezits, Gerald Deatsman, 1978 The Monthly Musical Record ,1885
